2. LOGIN

- Users put the account and password, Click

to login

  + *Administrator account:*

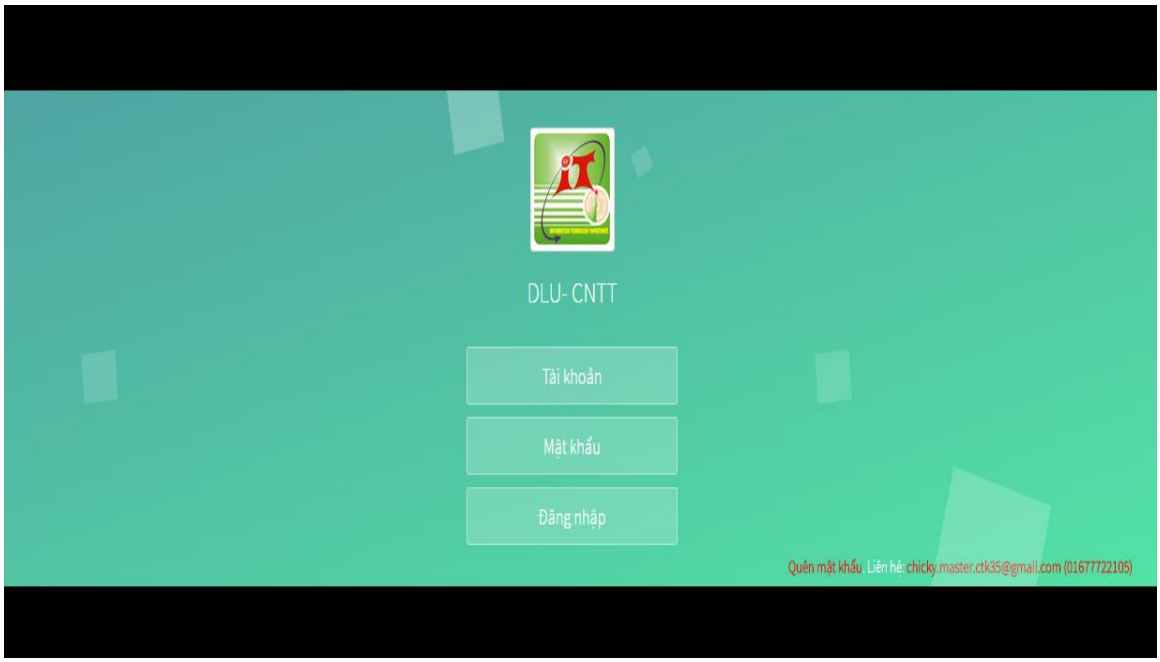
    Username: admin

    Password: 123456

  + *Student account:*

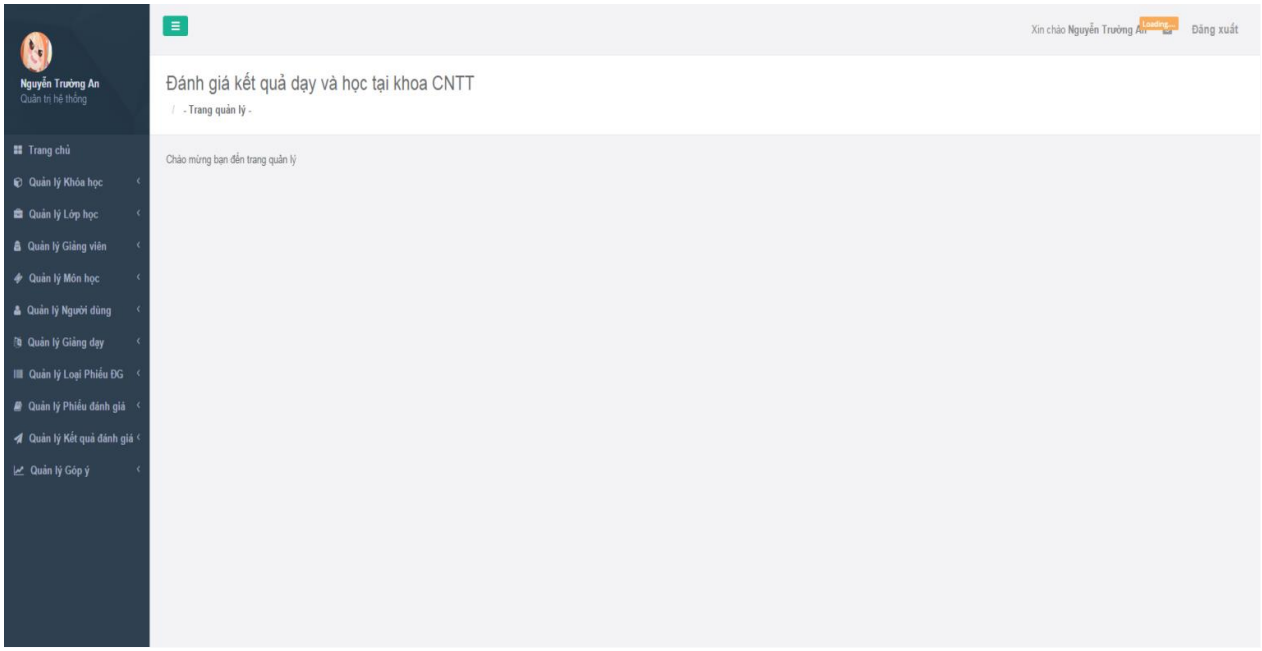
    Username: 1110113

    Password: 123456



3. Management Interface (back-end)

- If login by account with administration right, users are linked to management web automatically.

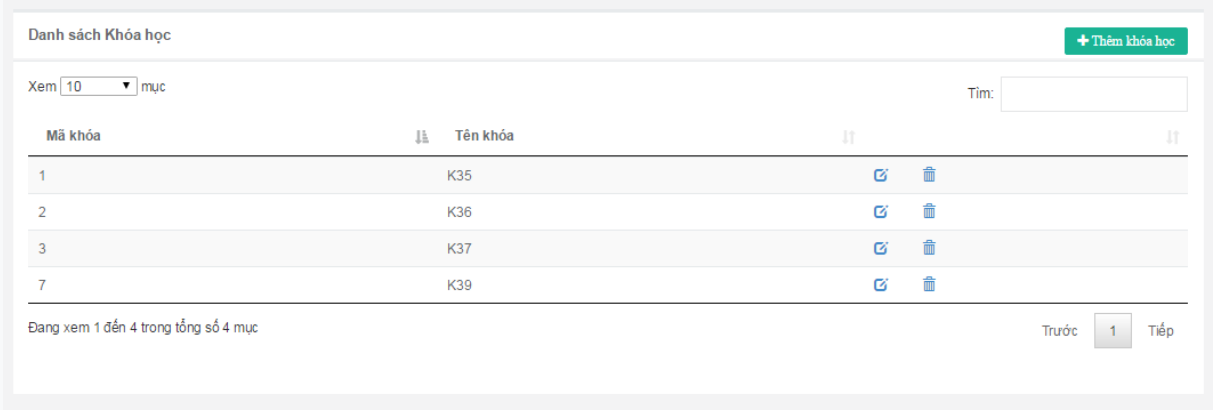


2.1 Course management

Managing student's courses.

2.1.1 Check course list.

In system management menu, choose 
"course management" -> course list.

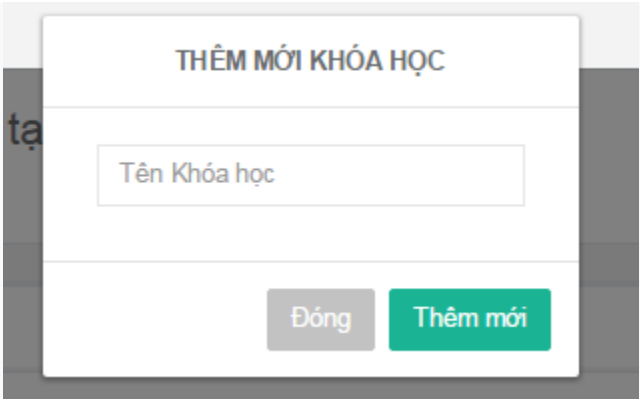


Basic Interface showing fundamental information about courses.

3.1.2 Adding new course

-When users want to add new course, in course list interface, click

:



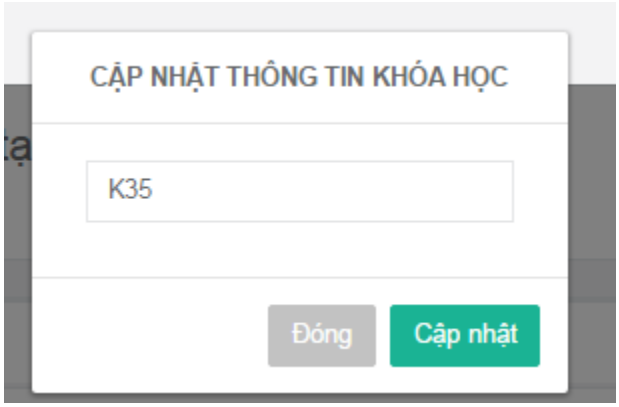
Users input proper data: course name

, click

to add new course data. Click 
to turn off.

2.1.3 Update courses.

When users want to update courses, in course list interface, click
:

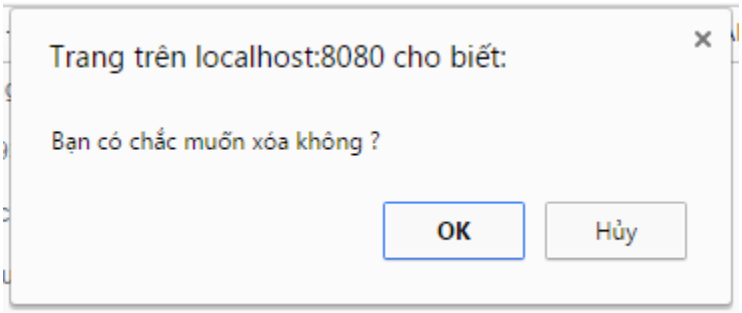


Inputting new data**:** course name

, click “ 
” to update course data.

2.1.4 Deleting courses.

When users want to delete a course, in course list interface, click in targeting course.



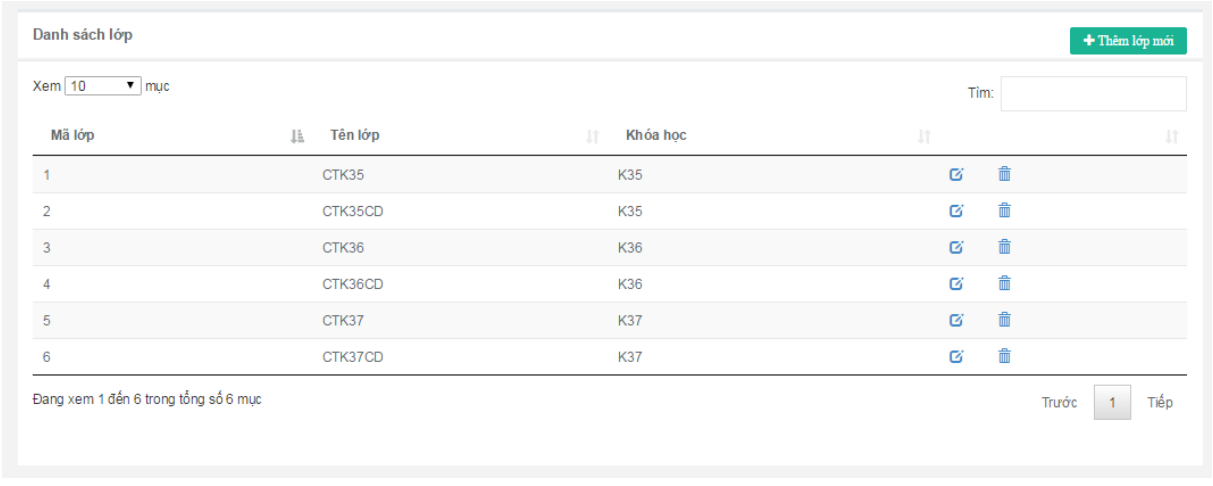
Click OK to confirm, " Hủy " to cancel.

2.2 Class management

Student's class information management.

2.2.1 Checking list

In system management menu, choose Quản lý Lớp học "class management":

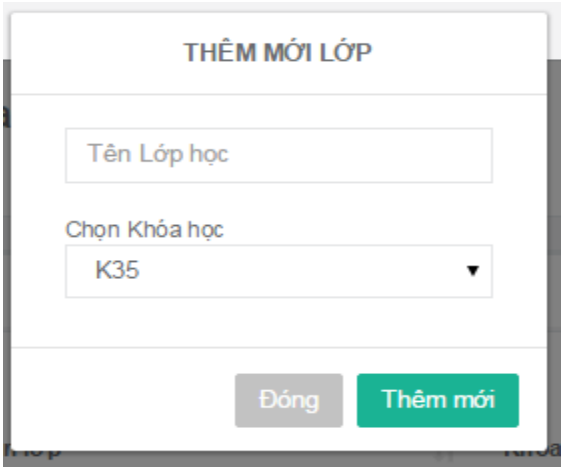


Basic interface showing fundamental information about classes.

2.2.2 Add new classes

-When users want to add new class, in class lists, click

:



Input proper data:

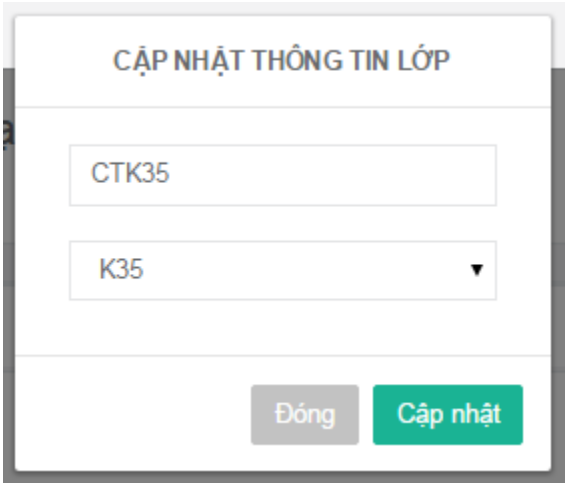
+ class name

+ choose a course

, click 
“add new” to add new class.

2.2.3 Update class

When users want to update class, click in a row you want to update:



Users input changed data:

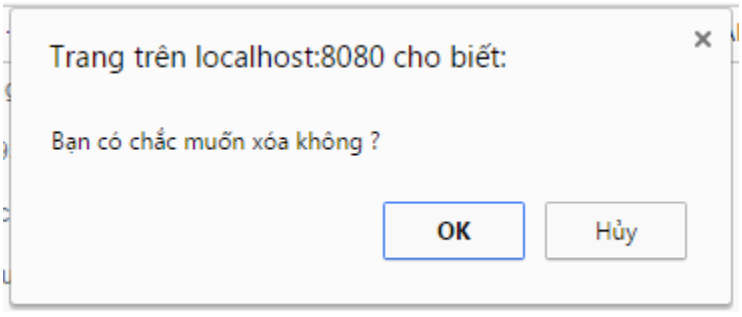
+ Class name

+ Choose a course

, click 
to update class information.

2.2.4 Deleting class

When users want to delete class, in class list click in row wanting to delete.



Click 
to confirm, click

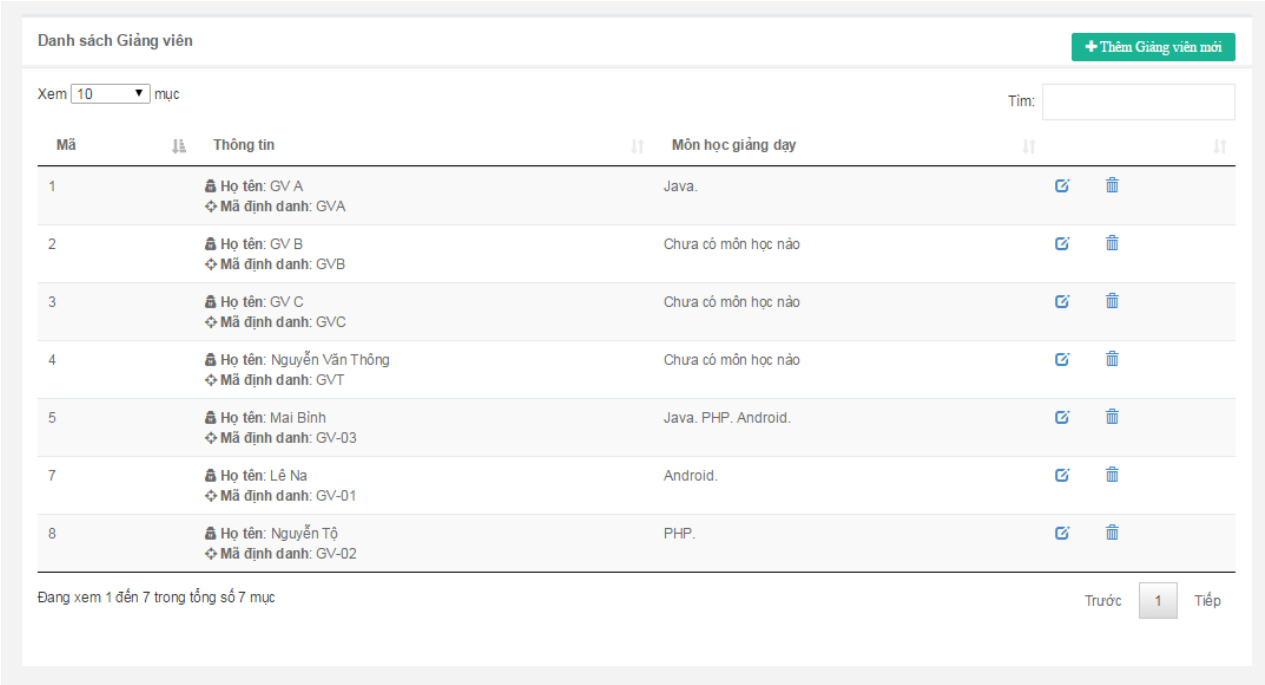
to cancel

2.3 Lecturer management

Managing Lecturer information.

2.3.1 Checking lecturer list

In system management menu, Choose 
"lecturer management":

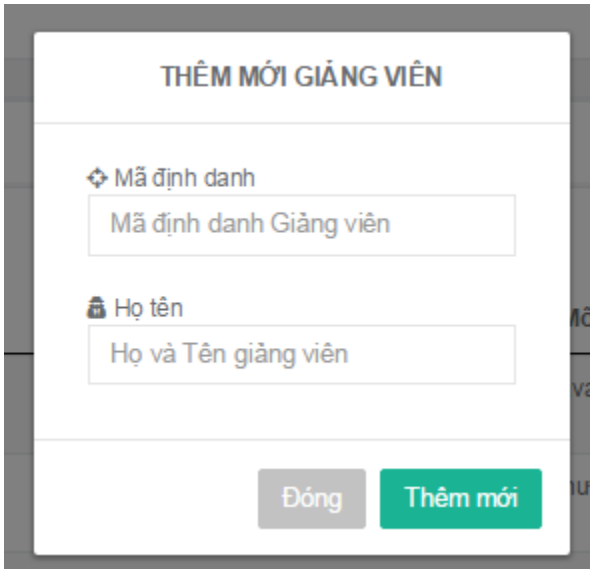


Basic lecturer management interface showing information of Lecturer.

2.3.2 Add new lecturer

When users want to add new lecturer, in lecturer list, click

:

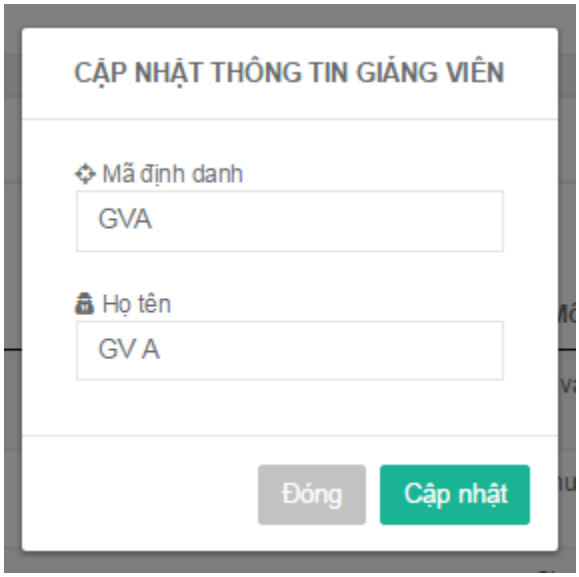


Users input proper data:

+ Matriculation number of lecturer: 
+ Name of lecturer: 
Click 
“add new” to add new lecturer.

2.3.3 Update Lecturer

To update lecturer data, in tutor list, click in row you want to update:



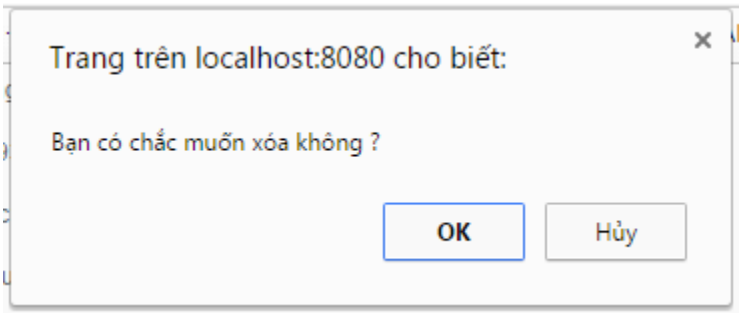
Users input information you want to change**:**

+ Matriculation number of lecturer**:** 
+ Name of lecturer:

Click 
“update” to update lecturer data.

2.3.4 Deleting lecturer

- When users want to delete a lecturer, in lecturer list interface, click in the row you want to delete.



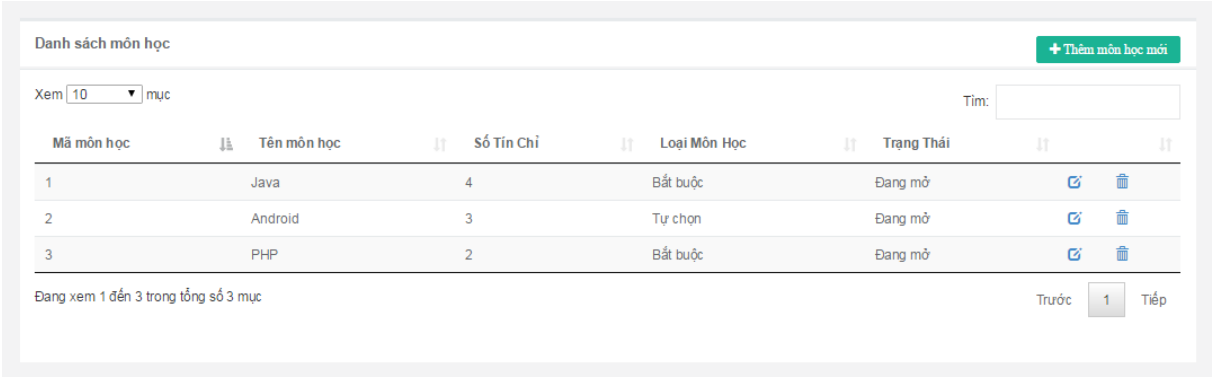
Click OK to confirm, Hủy to cancel.

2.4 Subjects management

Managing information of all faculty‘s subjects.

2.4.1 Subjects list

In system management menu, click Quản lý Môn học “ subjects management” -> checking list:

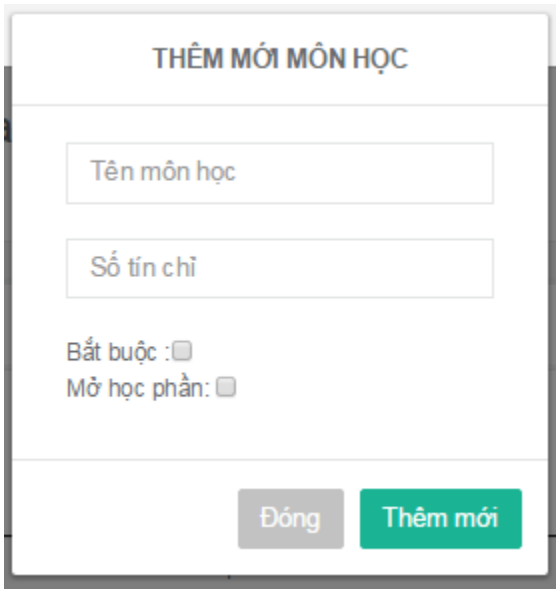


Subject management menu shows information about subjects.

2.4.2 Add new subjects.

When users want to add a new subject, in subject list interface, click the button

.



Users input proper data:

+ Subject's name:

+ Credit:

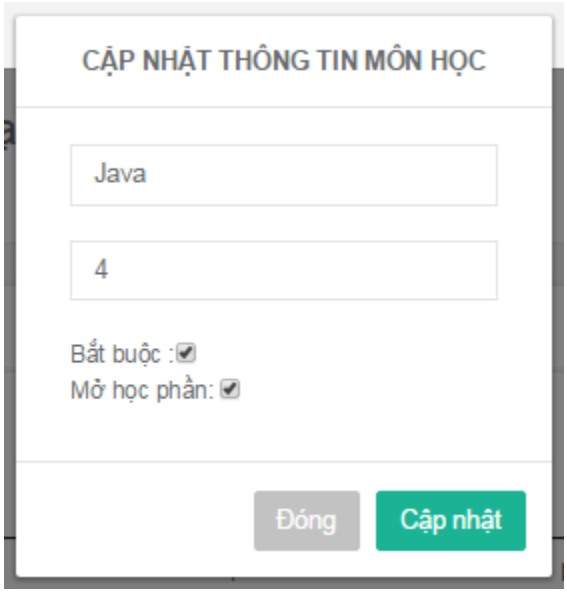
+ Is it Compulsory subject? :

+ Permission to register for the subject? :

Click 
"add new" to add new subject.

2.4.3 Update new subjects.

When wanting to add new subjects, in subject list, click in the row wanting to choose.



Users input proper data:

+ Subject's name: Java

+ Credit: 4

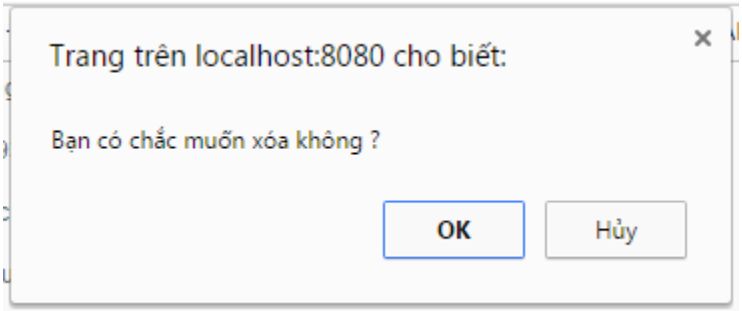
+ Is it Compulsory subject? : Bắt buộc :

+ Permission to register for the subject? : Mở học phần:

Click Cập nhật "update" to update subject information.

2.4.4 Deleting subject

When wanting to delete subjects, in subject list, click



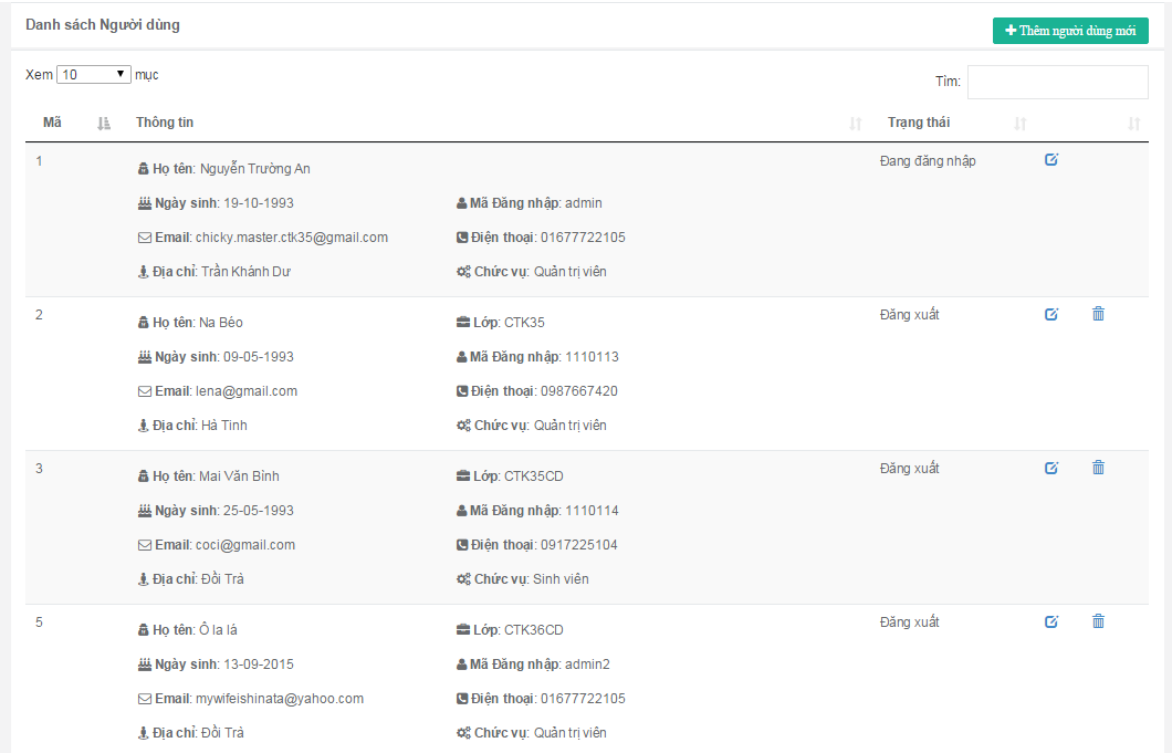
Click to delete, click to cancel.

2.5 Users management.

Managing users information.

2.5.1 Showing user list.

In system management menu, click  " users management" -> checking list.

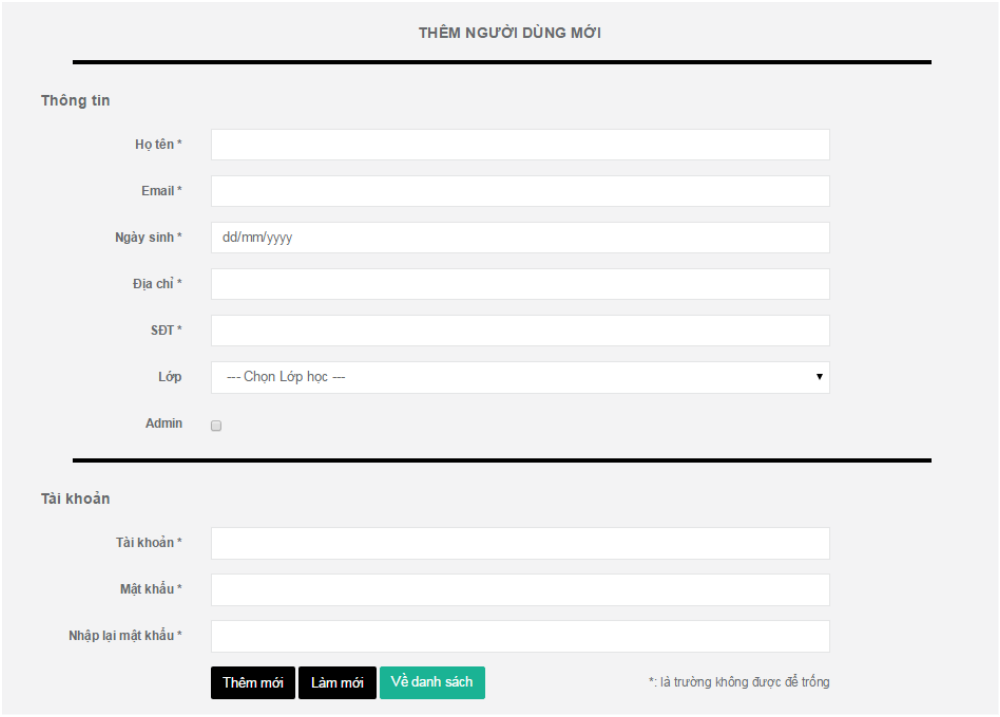


User management interface showing fundamental information of users.

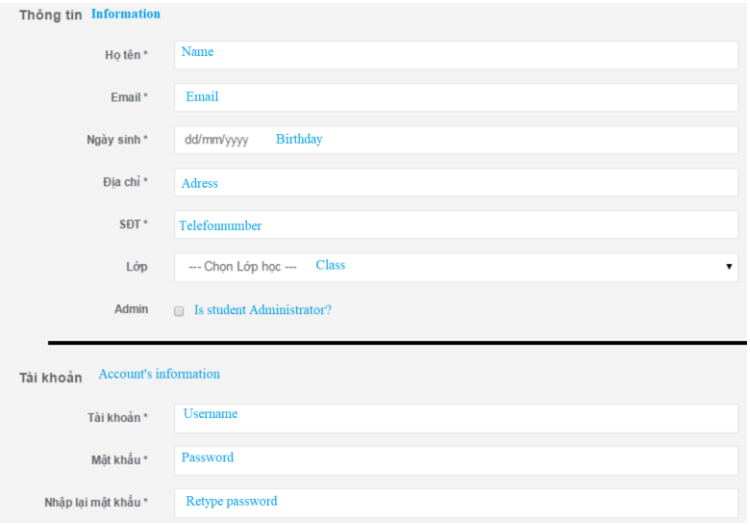
2.5.2 Add new user

- When wanting to add new user, in user list, click

"add new user"



Users type valid data:



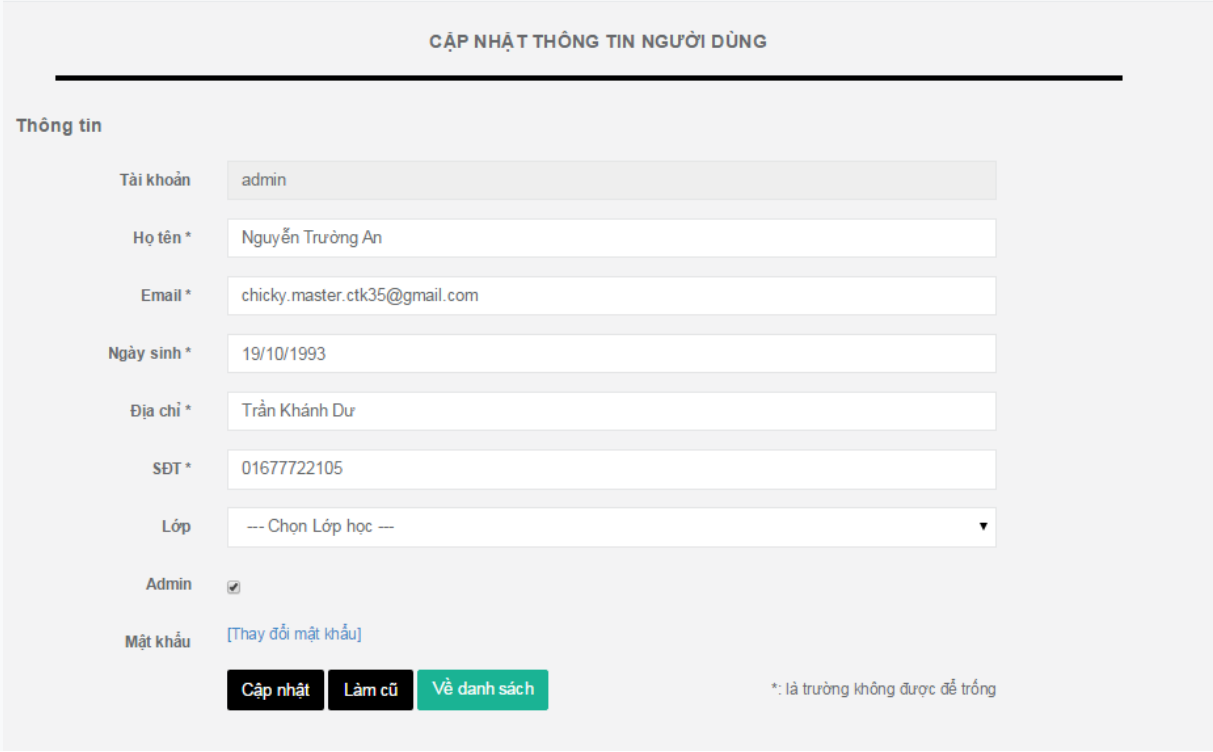
Click 
"Add new" button to add a new user.

Click 
"refresh" so all input boxes return to their original state.

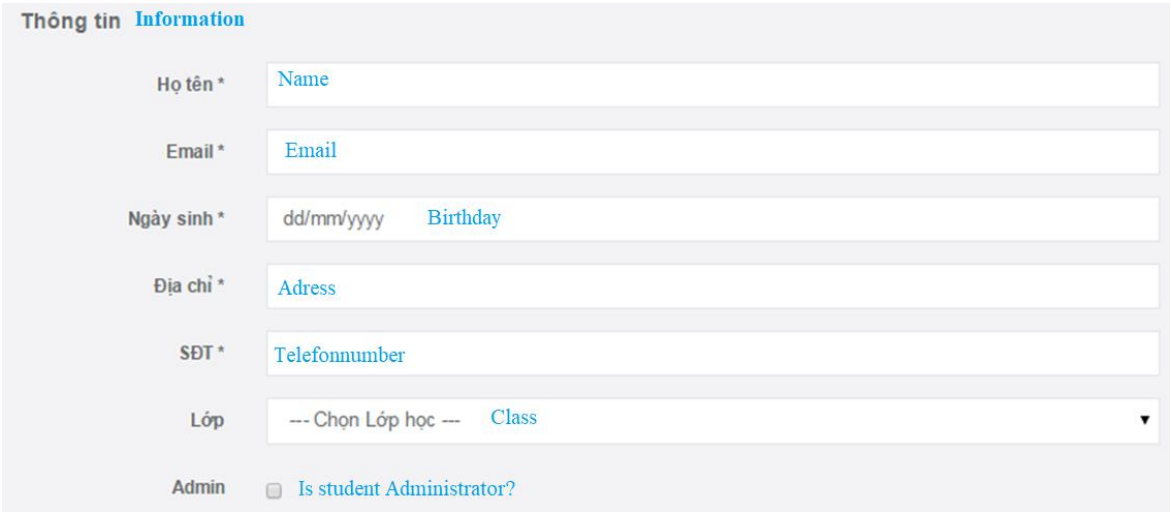
Click 
"back" button to return to the User List page.

2.5.3 Update user

- When the user wants to update the user, at the User List interface, click the update icon at the information line you want to update. The UPDATE USER INFORMATION dialog box displays:



Users type valid data to update:



+ Change user password: 
Click 
“Add new” button to update user information.

Click

“refresh” so all input boxes return to original state.

Click

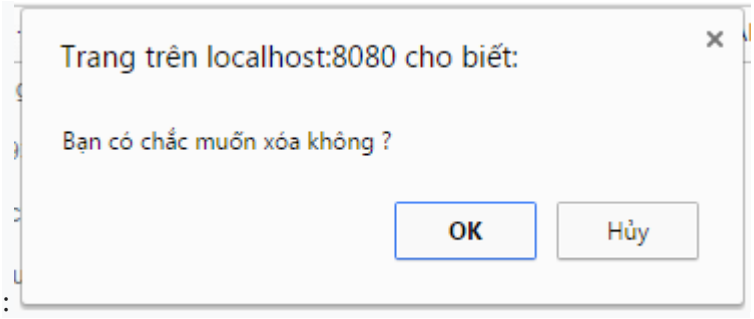
2.5.4 Delete user

When the user wants to delete the user, at the User List interface, click the delete icon at the line you want to delete. Display the delete authentication message dialog box:

- :



Click

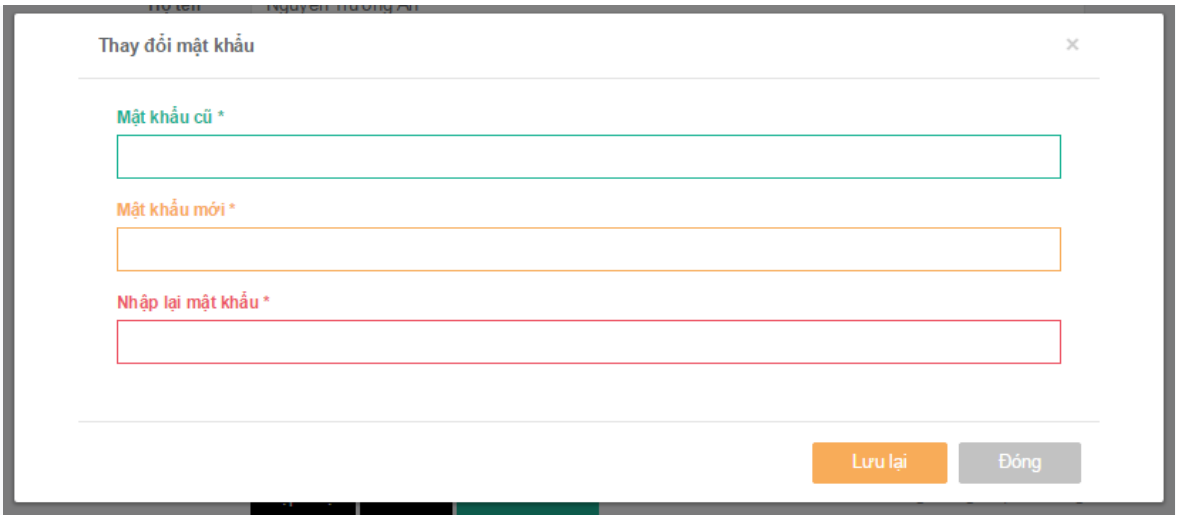
to delete, click

to cancel

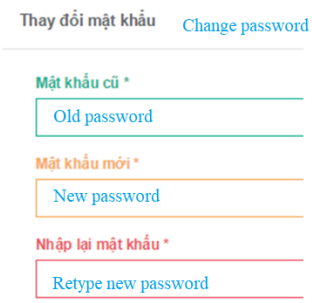
2.5.5 Change the password

When users want to change the password, at the user list interface click on the update icon at the line that want to update the user information, at the user update interface click the button “change password”

-> Display the Change password dialog box



User enter change data password:



Click

“Save” button to update user password.

Click

“Close” button to close the dialog box.

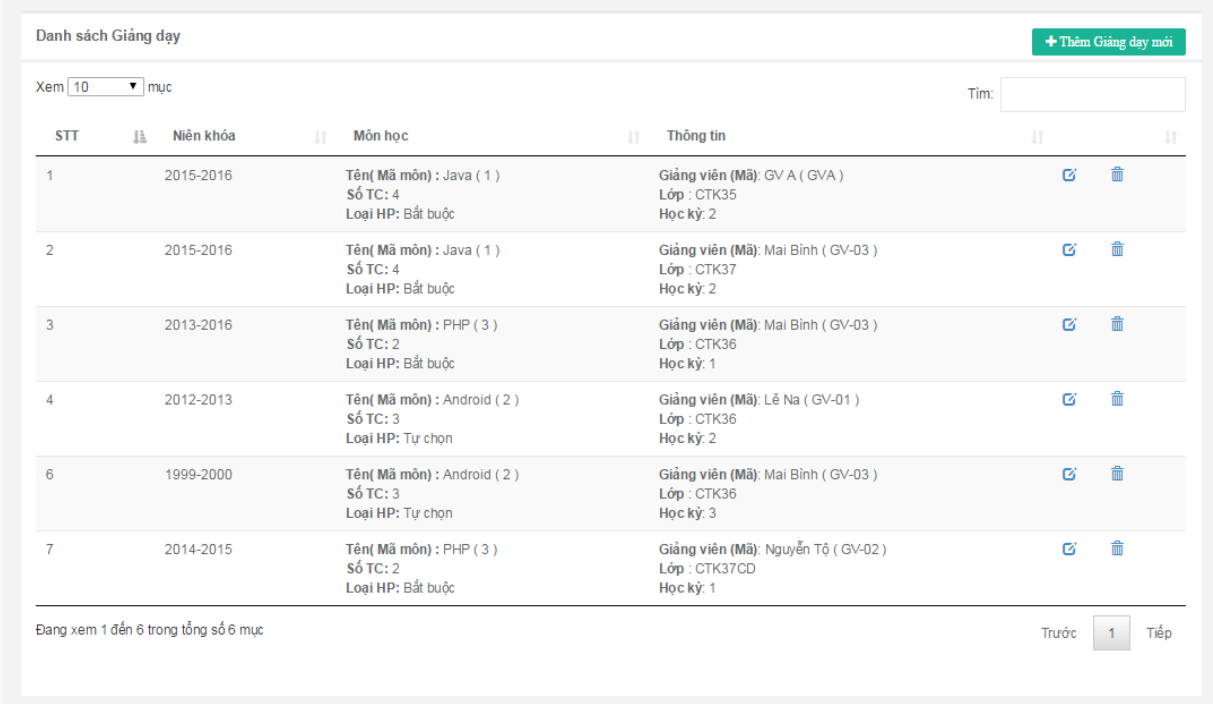
2.6 Teaching plan Management

Information management of teaching plans by lecturers.

2.6.1 Show Teaching plans list

In menu item System Management, user selects

"Teaching plans Management".



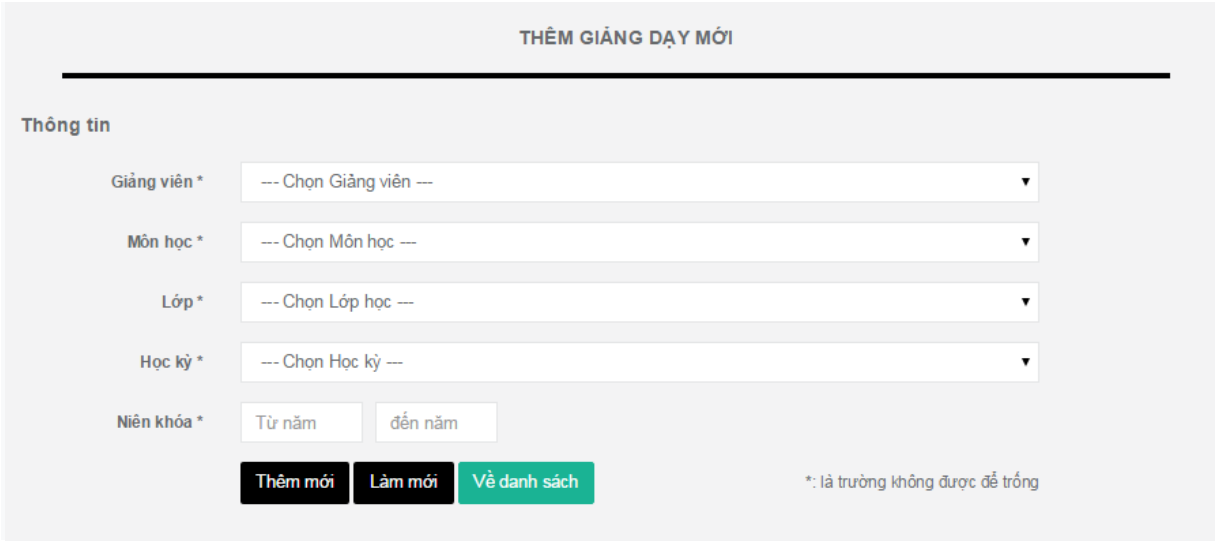
The teaching plans management interface displays the basic information of the teaching plans.

2.6.2 Add new teaching plan

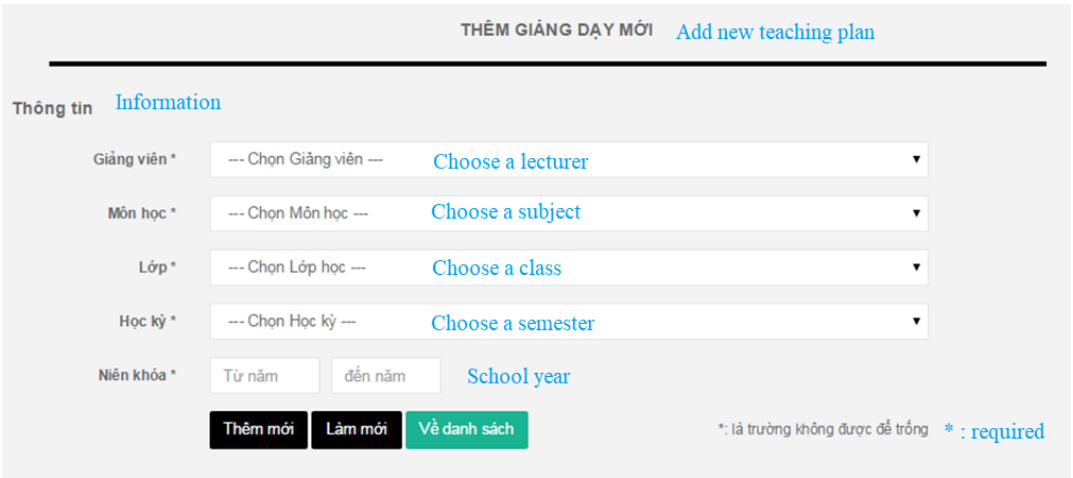
When the user wants to add a new teaching plan, at the Teaching plans List interface click the button

.

- Add a new teaching plan dialog box showing:



Users enter valid data:



Click

“Add new” button to add a new teaching plan.

Click

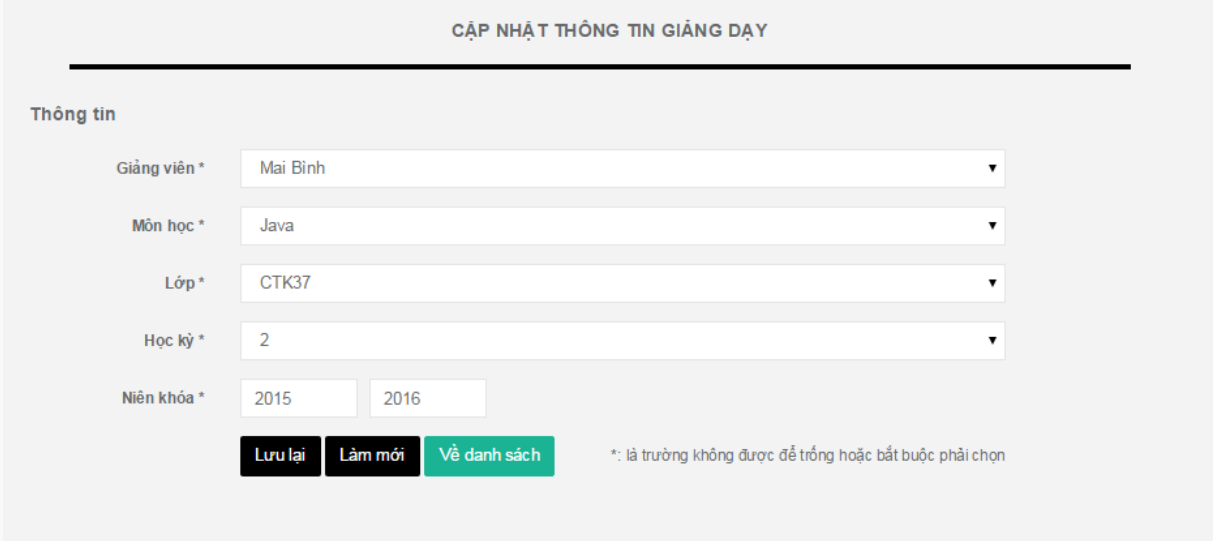
“refresh” so all input boxes return to their original state.

Click

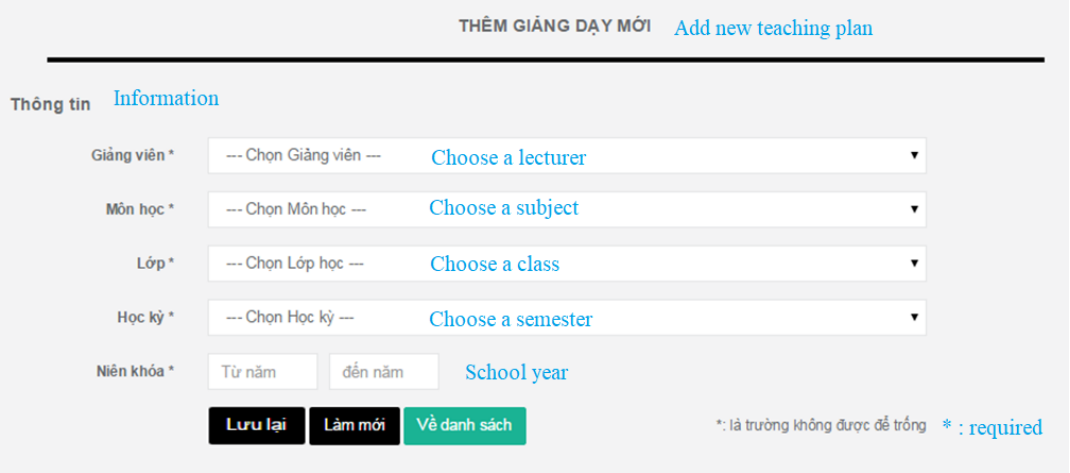
”back” button to return to the Teaching plan list page.

2.6.3 Updated a teaching plan

When the user wants to update data of a teaching plan, at the Teaching plan list interface, click on the update icon at the line you want to update. UPDATE INFORMATION OF TEACHING PLAN dialog box displays:



Users enter valid data:



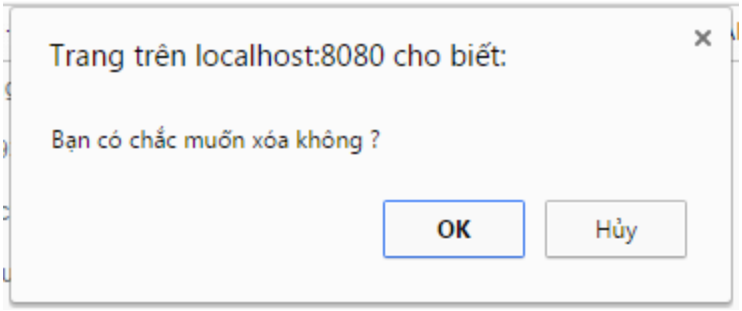
Click Lưu lại "Update" button to update teaching plan information.

Click Làm mới "refresh" so all input boxes return to original state.

Click Về danh sách "back" button to return to the Teaching plans List page.

2.6.4 Delete a teaching plan

When the user wants to delete a teaching plan, at the Teaching List interface, click the delete icon at the line you want to delete. Display the delete authentication message dialog box:



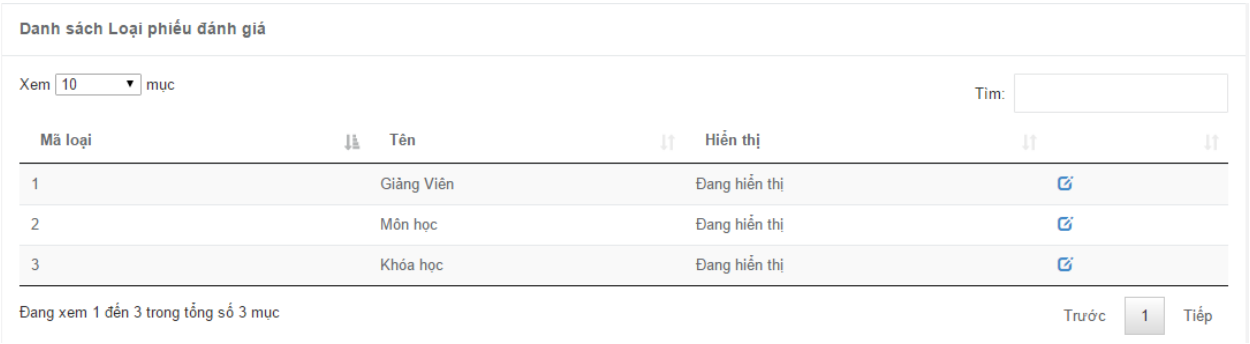
Click to delete, click to cancel.

2.7 Evaluation types Management

Information management of evaluations types.

2.7.1 Show list Evaluation types

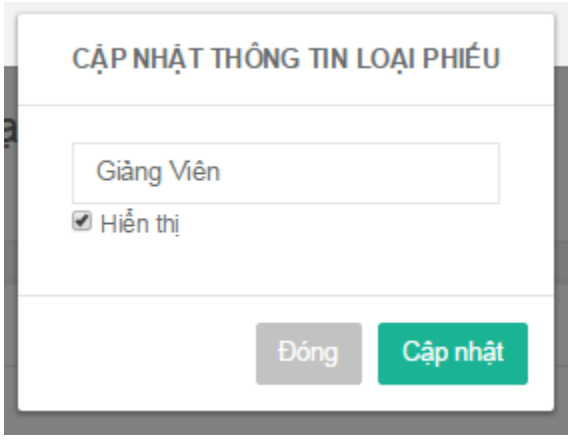
At menu management, users select  ” Evaluation types Management”.



Management interface displays the basic information of the evaluation types.

2.7.2 Update evaluation type

When users want to update data of an evaluation type, at list, click the update icon at the information line you want to update. The UPDATE INFORMATION OF EVALUATION TYPE dialog box is displayed



The user enters change data:

+ Evaluation type's name: Giảng Viên

+ Allow display on website: Hiển thị

Click Cập nhật "Update" button to update the evaluation type information.

Click Đóng "Close" button to cancel.

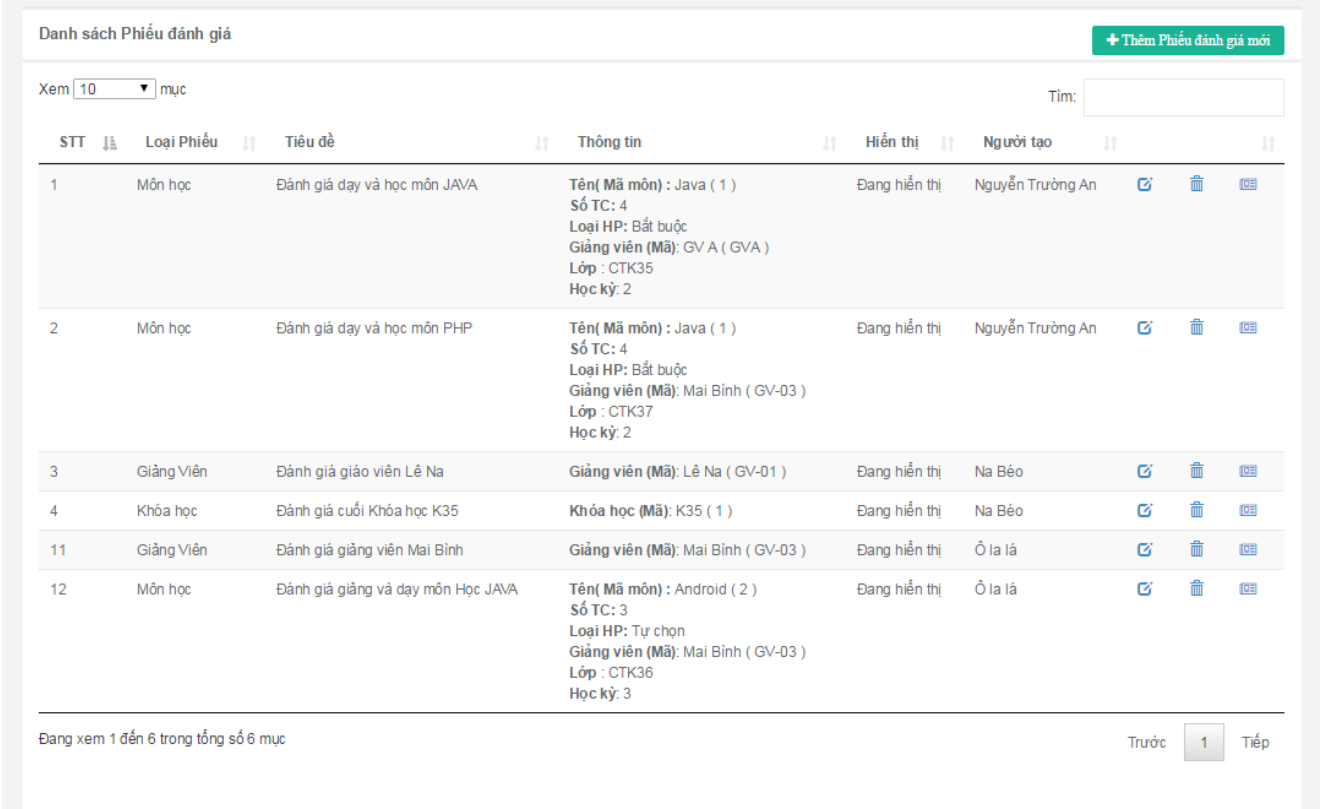
2.8 Evaluation Forms Management

Managing information about the votes, the details of the votes (content, content details, sub-content).

2.8.1 Show Evaluations List

At menu, users select

"Evaluation Forms Management". A List is displayed.



The management interface displays the basic information of the evaluations.

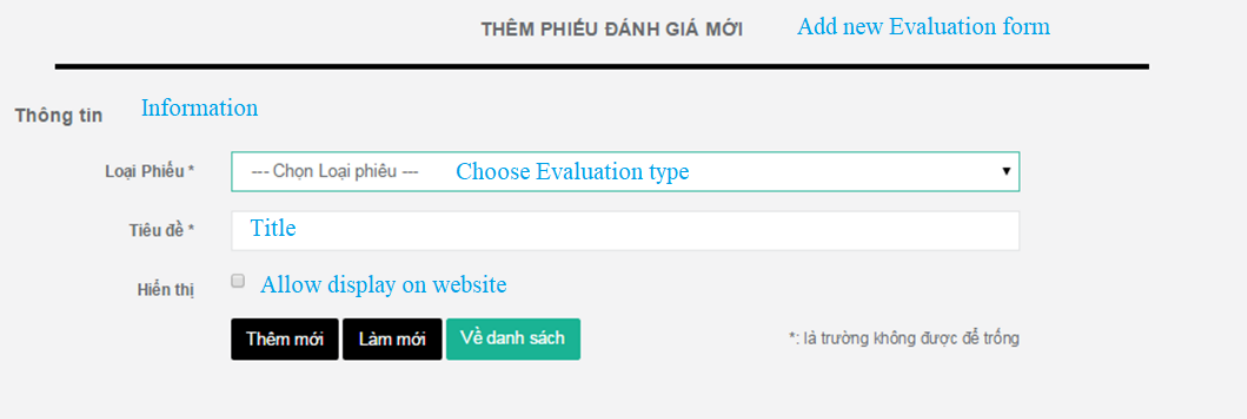
2.8.2 Add a new evaluation form

When the user wants to add a new evaluation form, at the list, click

"add new evaluation form".

Watch out: it depends on which type of evaluation the user wants to use, the form automatically adds more corresponding inputs.

User enters valid data:



Click 
"Add new" button to add a new Evaluation.

Click 
"refresh" so all input boxes return to their original state.

Click 
"back" button to return to the Evaluations list page.

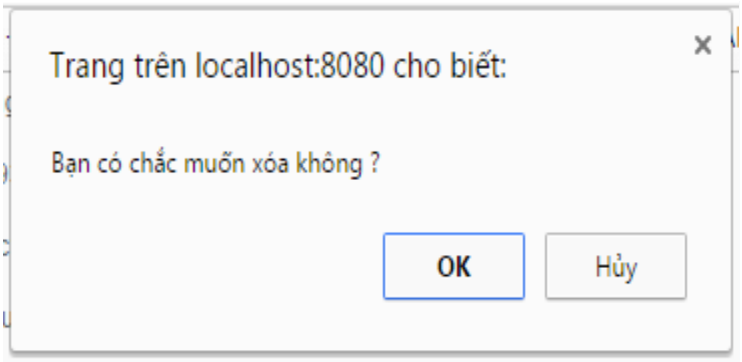
- When the user wants to delete the form, at List, click the delete icon at the line user wants to delete. Display the delete authentication message dialog box:



Click

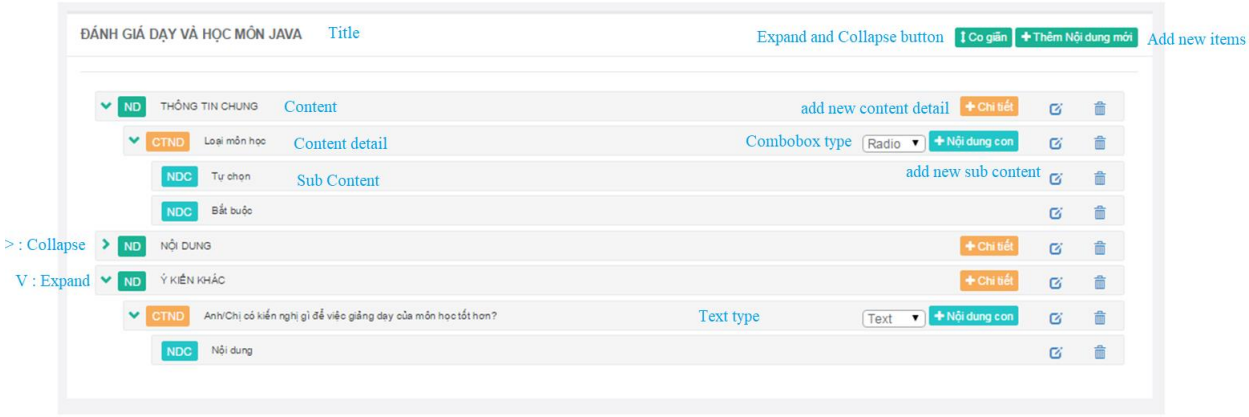
to delete, click

to cancel.

2.8.5 Content management

2.8.5.1 Content list

At list of Evaluation Forms, click the delete icon at the line user wants to see details. The Content interface displays.



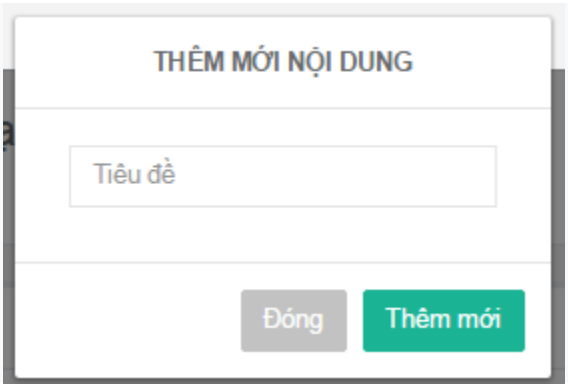
The content management interface displays the basic information of the content, content details, sub content.

Users can see on website (front-end)

2.8.5.2 Add new content

- When users want to add new content, at content management, click on the button

dialog box displays:



Users enter valid data:

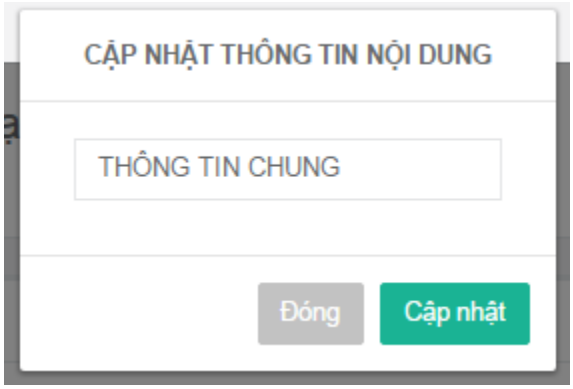
Title:

Click 
”Add new” button to add new content. Click

“Close” button to close dialog box.

2.8.5.3 Update content

- When users want to update the content, at content management, click the update icon at the information line you want to update. The UPDATE CONTENT dialog box displays:



Users enter valid data:

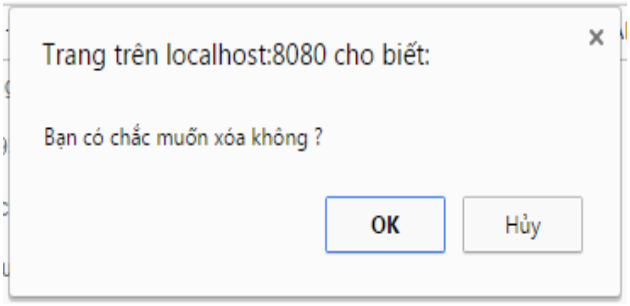
Title:

Click 
“Update” button to update content information. Click

“Close” button to close dialog box.

2.8.5.4 Delete content

-When the user wants to delete a content, at content management, click the delete icon at the line you want to delete. Display the delete authentication message dialog box::



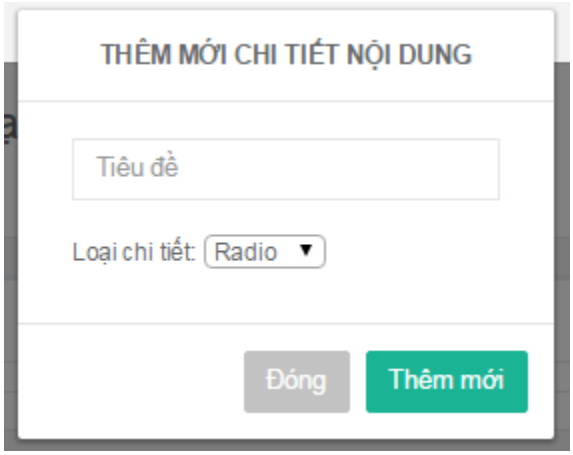
Click

to delete, click

to cancel.

2.8.5.5 Add new content details

When users want to add new content detail, at content management, click on the button



Users enter valid data:

Title:

Type:

(Radio, combobox and text)

Click 
”Add new” button to add new content detail. Click

“Close” button to close dialog box.

2.8.5.6 Update content details

When users want to update content detail, at content management, click on the update icon at the information line you want to update. The UPDATE DETAIL CONTENT dialog box displays:

Users enter valid data:

Title:

Type:

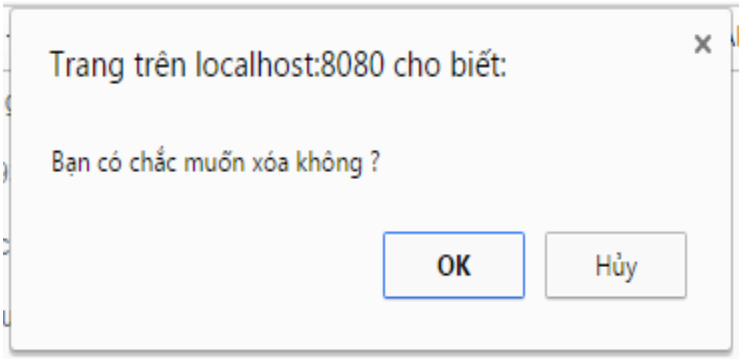
(Radio, combobox and text)

Click 
"Update" button to update content detail information. Click

"Close" button to close dialog box.

2.8.5.7 Delete content details

-When the user wants to delete content details, at content management, click the delete icon at the line that you want to delete. Display the delete authentication message dialog box::

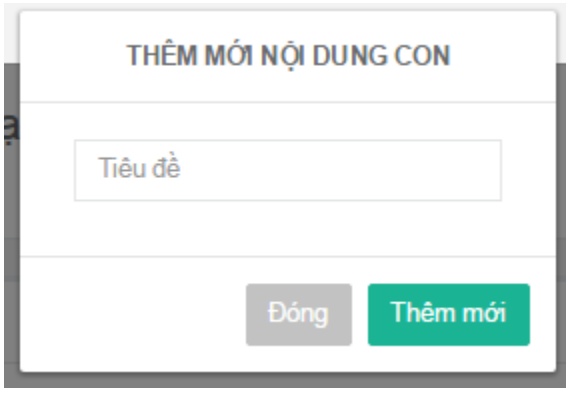


Click 
to delete, click

to cancel.

2.8.5.8 Add new child content

- When users want to add sub-content, at content management, click on the button 
, ADD NEW SUB-CONTENT displays:



Users enter valid data:

Title:

Click 
”Add new” button to add new sub content. Click

1. Loại môn học	mặp nhu nhẩm á

NỘI DUNG

1. Anh/Chị có kiến nghị gì để việc giảng dạy của môn học tốt hơn?	Hoàn toàn không đồng ý
2. Giảng viên (GV) phổ biến đầy đủ mục đích, yêu cầu học phần cho sinh viên (SV	Không đồng ý
3. GV hướng dẫn SV phương pháp tự học, nghiên cứu tài liệu	Phân vân
4. GV truyền đạt nội dung của học phần đầy đủ, chính xác	Đồng ý
5. GV có quan tâm đến việc cập nhật kiến thức mới vào nội dung bài giảng	Rất đồng ý
6. GV có phương pháp giảng dạy phù hợp giúp SV hiểu rõ nội dung bài giảng	Phân vân
7. GV sử dụng các phương tiện hỗ trợ giảng dạy hiệu quả.	Hoàn toàn không đồng ý
8. GV sử dụng các phương tiện hỗ trợ giảng dạy hiệu quả.	Hoàn toàn không đồng ý
9. GV giải đáp thắc mắc của SV về kiến thức của học phần đầy đủ và thỏa đáng.	Rất đồng ý
10. GV quan tâm khuyến khích và hướng dẫn SV rèn luyện các kỹ năng, thái độ cần thiết cho nghề nghiệp và cuộc sống thông qua các hình thức tổ chức lớp học.	Hoàn toàn không đồng ý
11. GV quan tâm khuyến khích và hướng dẫn SV rèn luyện các kỹ năng, thái độ cần thiết cho nghề nghiệp và cuộc sống thông qua các hình thức tổ chức lớp học.	Hoàn toàn không đồng ý
12. GV tổ chức kiểm tra, đánh giá khách quan, công bằng.	Hoàn toàn không đồng ý
13. GV tổ chức kiểm tra, đánh giá khách quan, công bằng.	Hoàn toàn không đồng ý
14. Kết quả kiểm tra, đánh giá đúng thực chất năng lực học tập, rèn luyện của SV.	Đồng ý
15. GV thực hiện đầy đủ giờ lên lớp theo đúng kế hoạch giảng dạy.	Không đồng ý

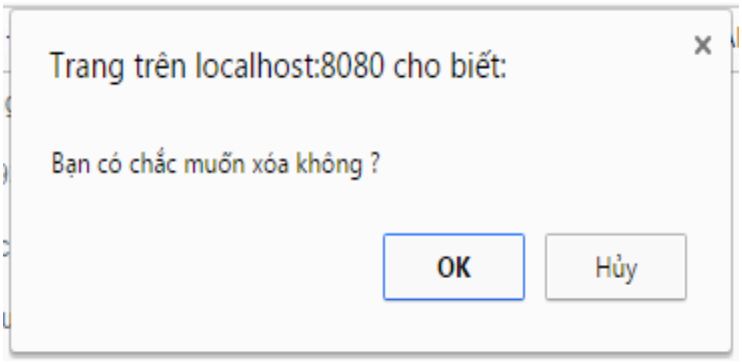
Ý KIẾN KHÁC

1. Anh/Chị có kiến nghị gì để việc giảng dạy của môn học tốt hơn?	ANH MỢT QUỚ KAKA

The interface to see the detailed evaluation results from the selected evaluations

2.9.3 Delete an assessment result

- When user wants to delete an evaluation result, at list of evaluation results, click the delete icon at the line user wants to delete. Display the delete authentication message dialog box:



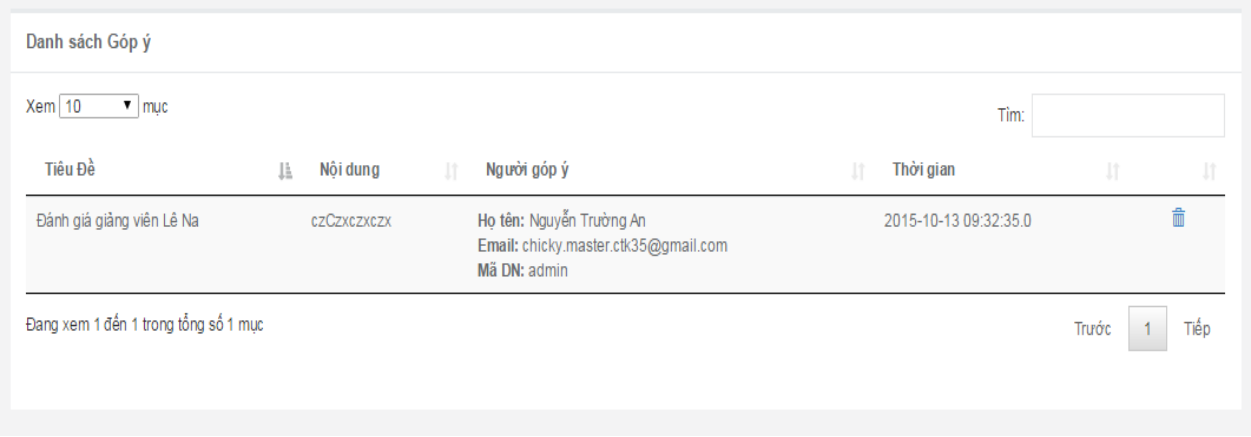
Click OK to delete, click Hủy to cancel.

2.10 Feedbacks Management

Managing information of user feedbacks.

2.10.1 Feedbacks List

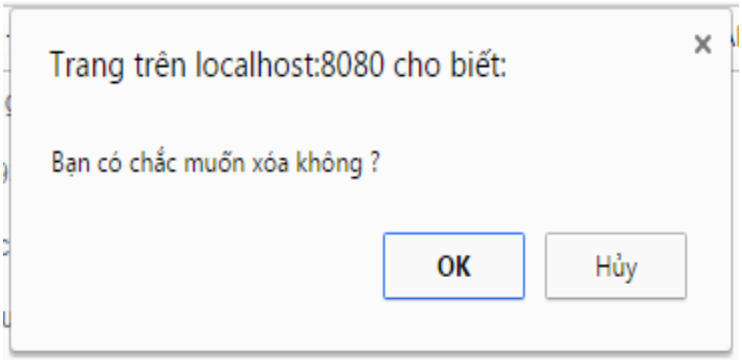
At menu item System Management, users select Quản lý Góp ý "Feedbacks Management". The Feedbacks list interface displays.



The feedbacks management interface displays the basic information of the comments.

2.10.1 Delete a feedback

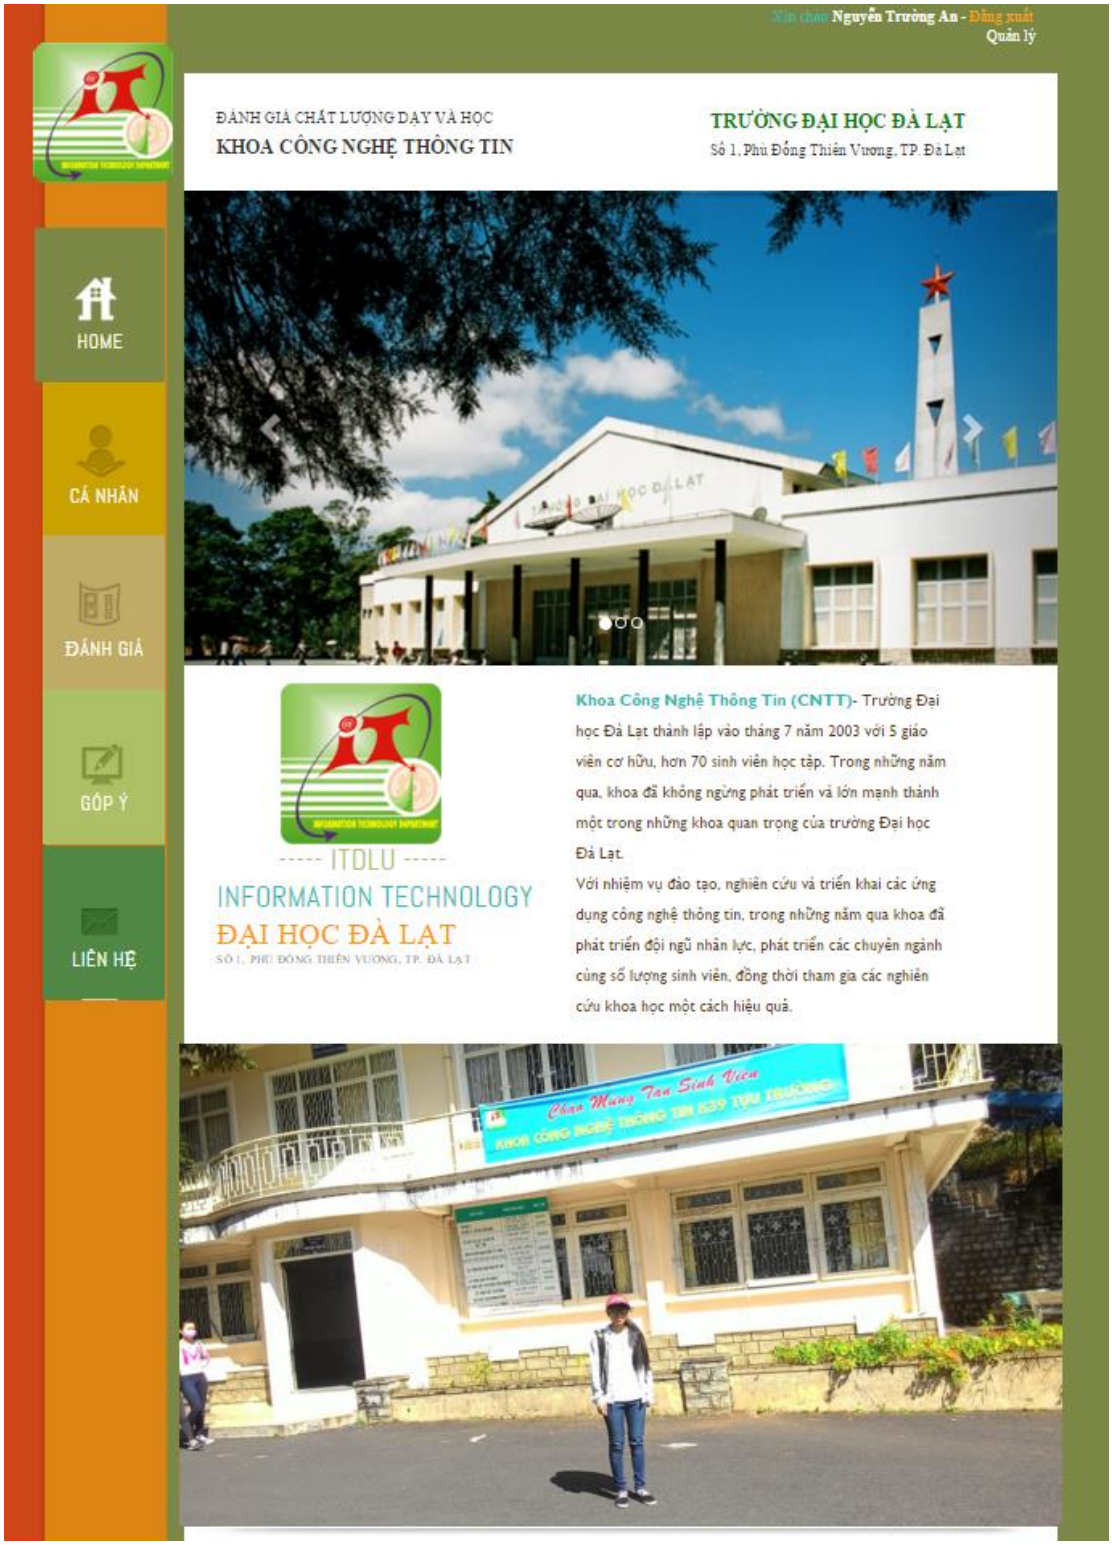
- When user (only admin) wants to delete feedback, at feedback list, click the delete icon at the line user wants to delete. Display the delete authentication message dialog box:



Click OK to delete, click Hủy to cancel.

3.1 Home interface (front-end)

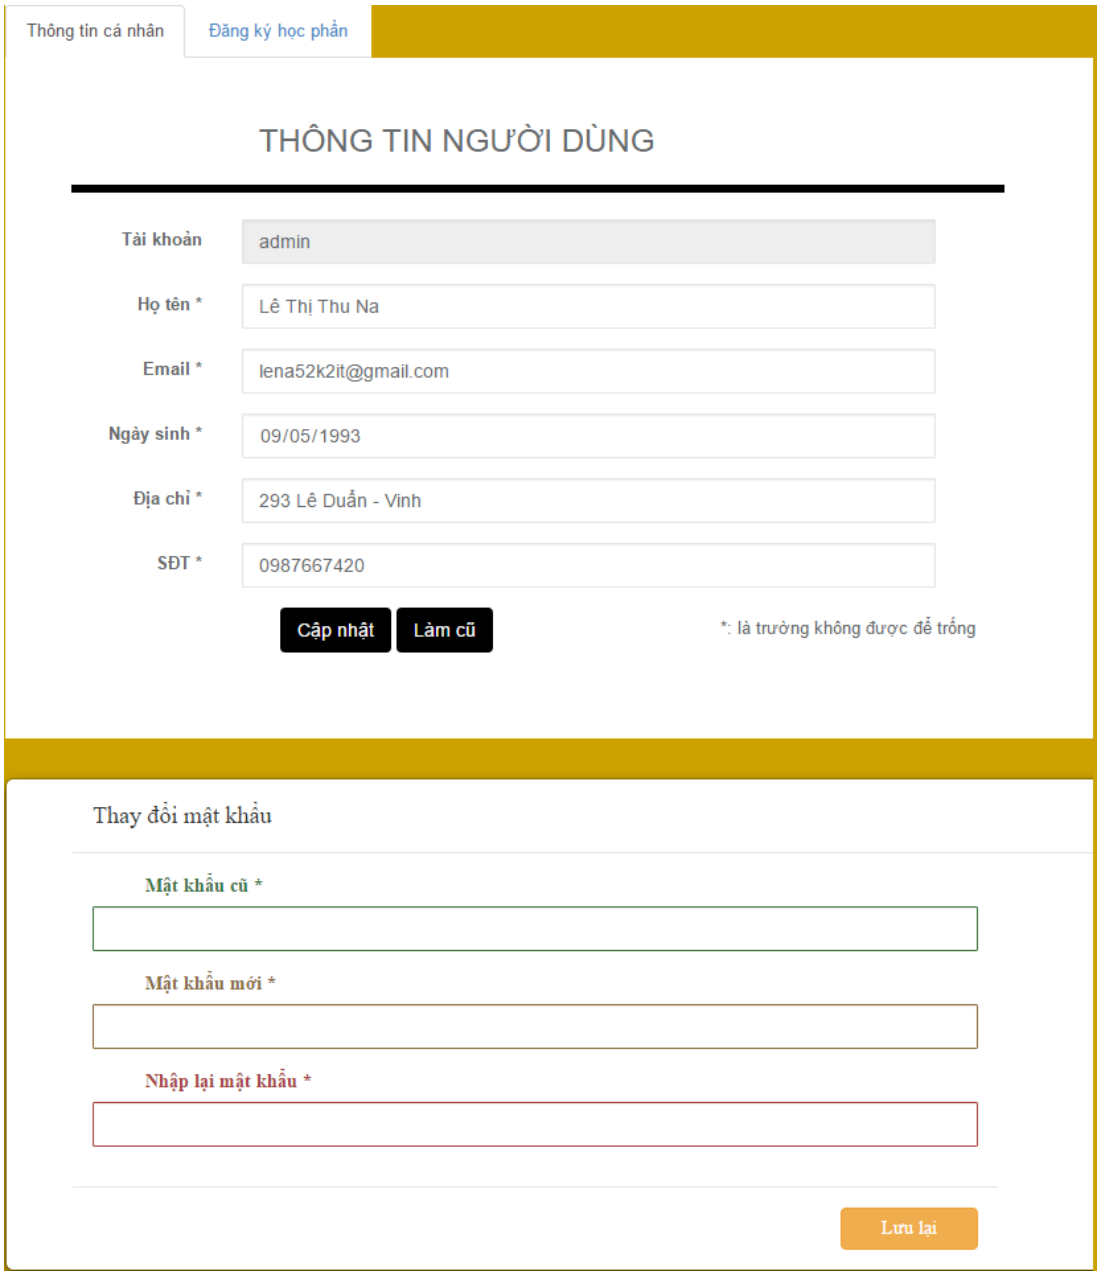
If you log in with an account without admin right, the system will automatically redirect to the homepage



3.2 User information

Private information

View information, renew personal information, make important changes



3.2 Registration of classes

Select the appropriate information and register the subject. Save by pressing the “Lưu lại” button. Cancel the registration by checking the checkbox.

Register for the module

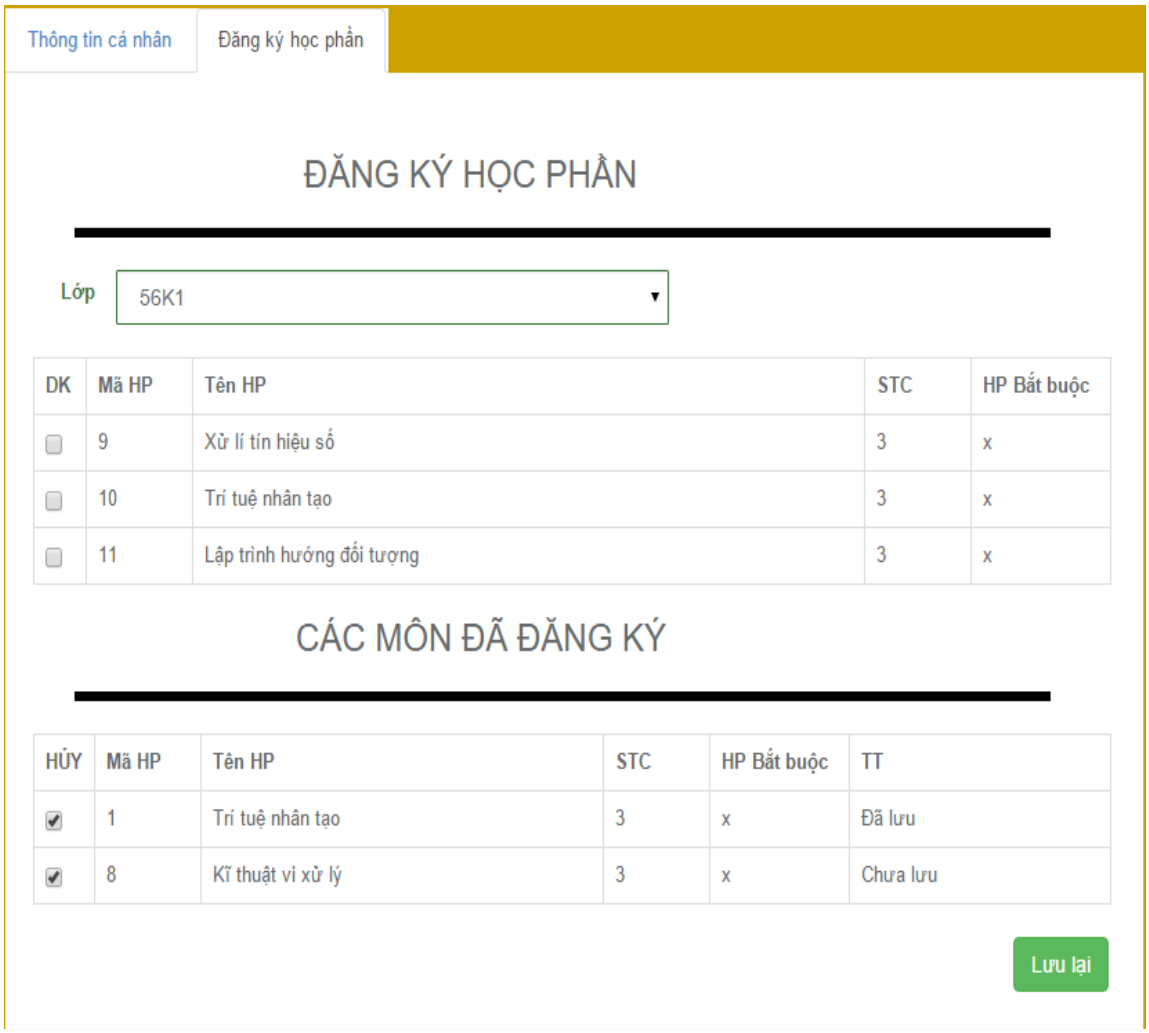
+ Select class -> select the subject you want to register by clicking on the check box DK -> Save.

Canceled subject

At the table REGISTERED MONEY -> check the CANCEL checkboxes if you want to cancel -> Save

Status

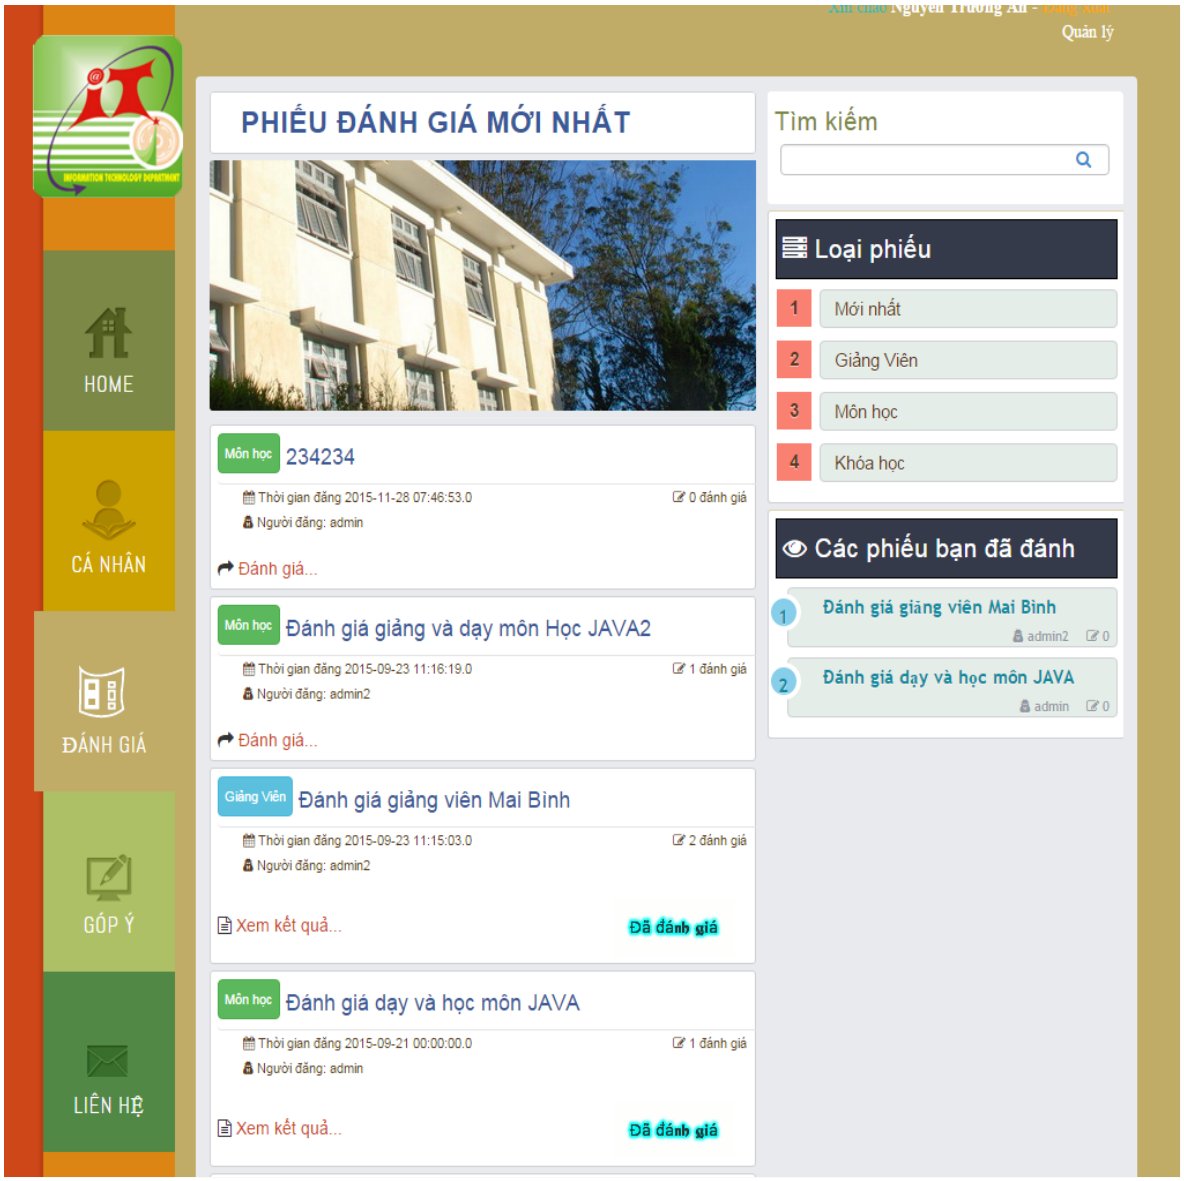
There are 2 types in the box TT of REGISTERED TABLES. "Đã lưu" and "chưa lưu". This means that the selected subjects have been saved to the database or not.



3.3 Rate

When users click on the votes or click on the words "

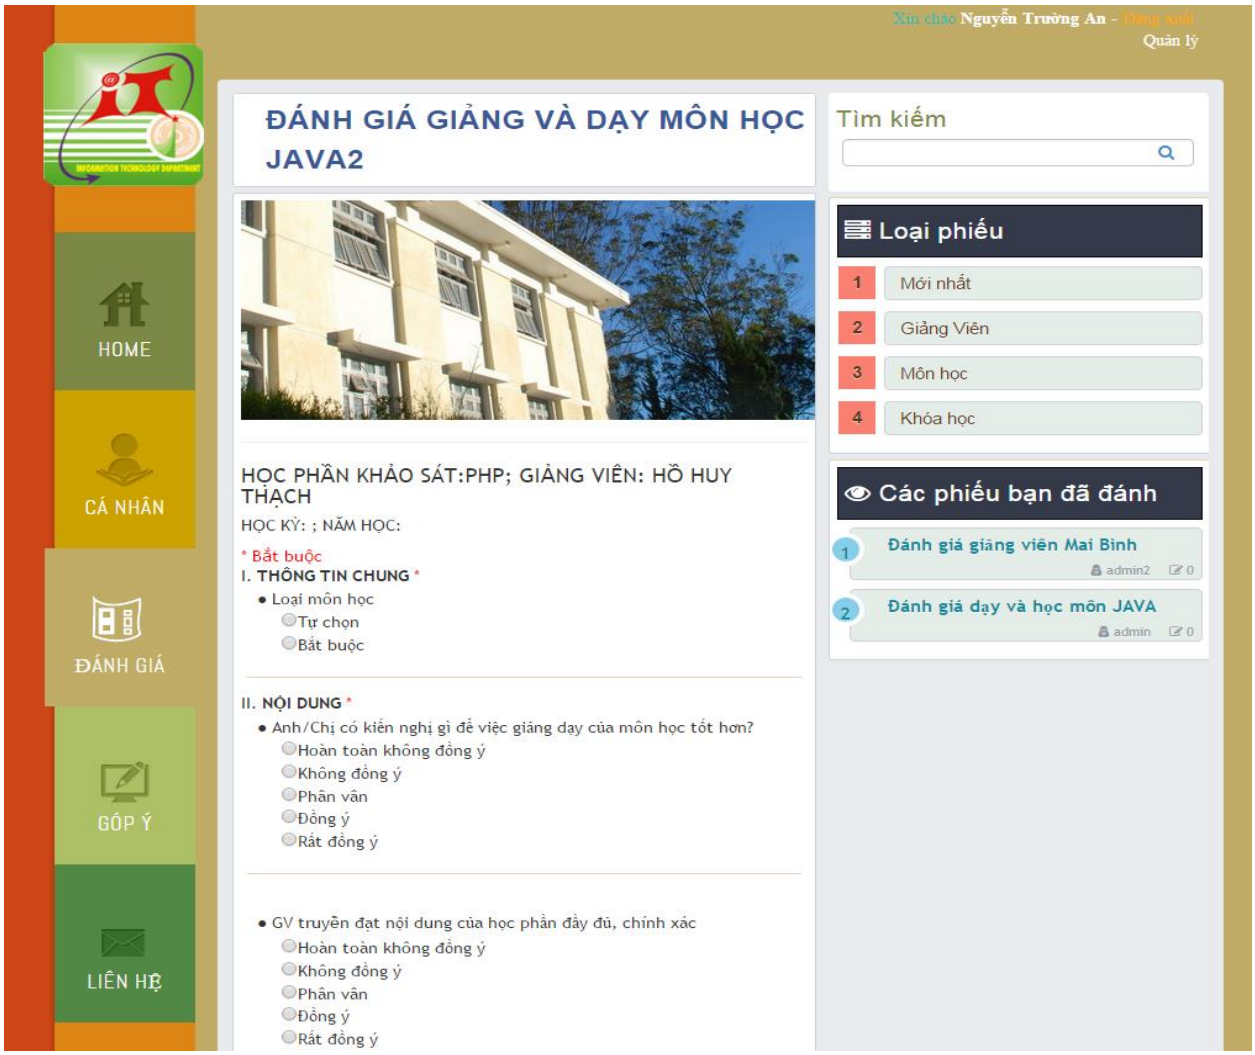
Rate" on the left votes, the system will go to the votes page.

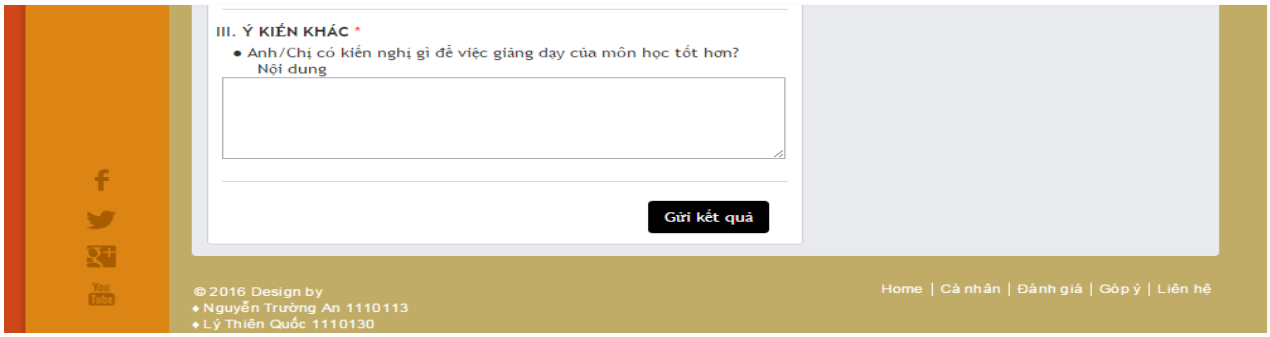


Displays a list of assessments by the subject registered for the course, the lecturer who taught the modules and the course of the student.

- On the left is a list of evaluation sheets. The votes with the

"Reviewed" means that this user has already rated and they can only review their results.
- On the right, respectively, is the search box by tab title, Type tab shows the list of ticket types. Help to search by category faster.
- The 
"votes you have hit" section displays a list of the votes you have rated.



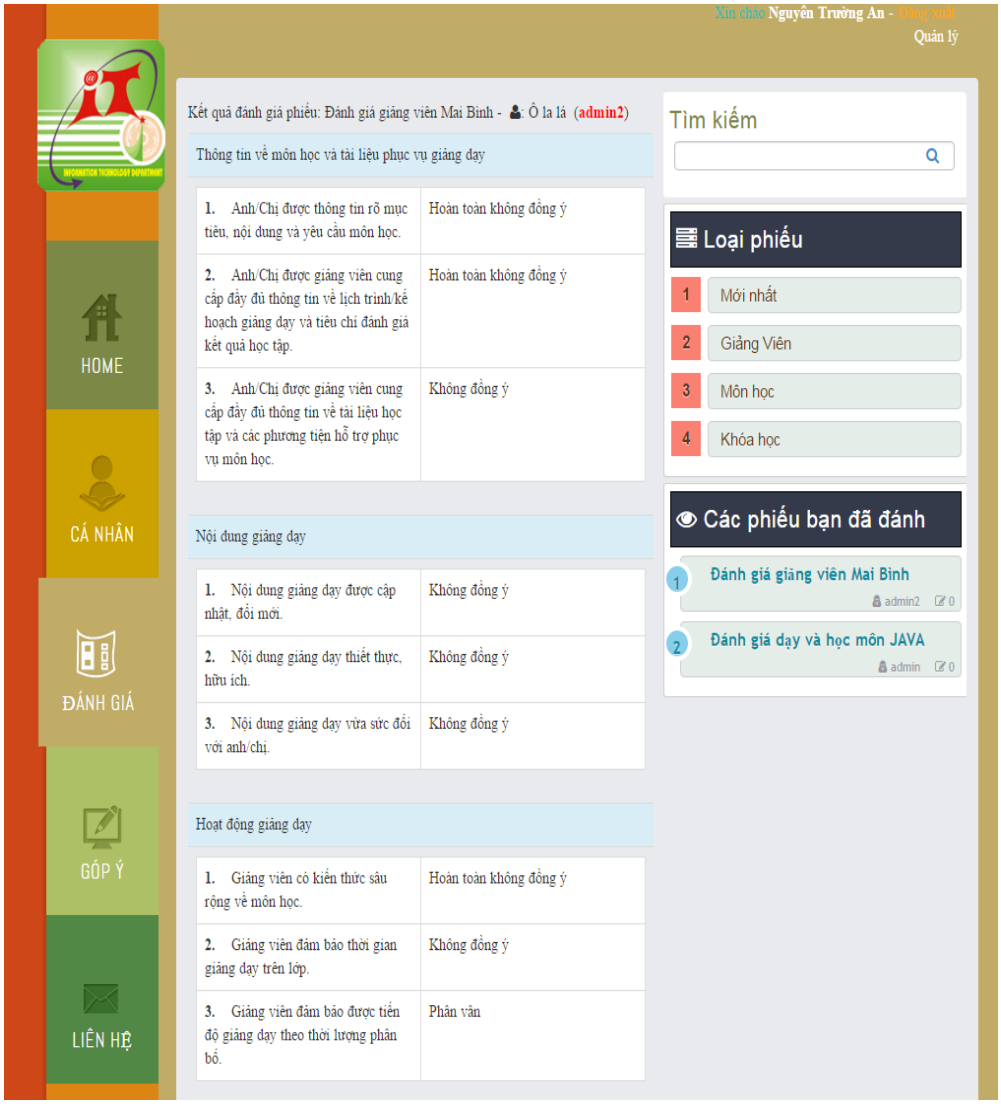


Users will check and fill in the checkboxes and text below, then click the

"Submit Result" button to send the evaluation results to the administrator. Note: only 1 time can be submitted for each evaluation form.

3.4 See results

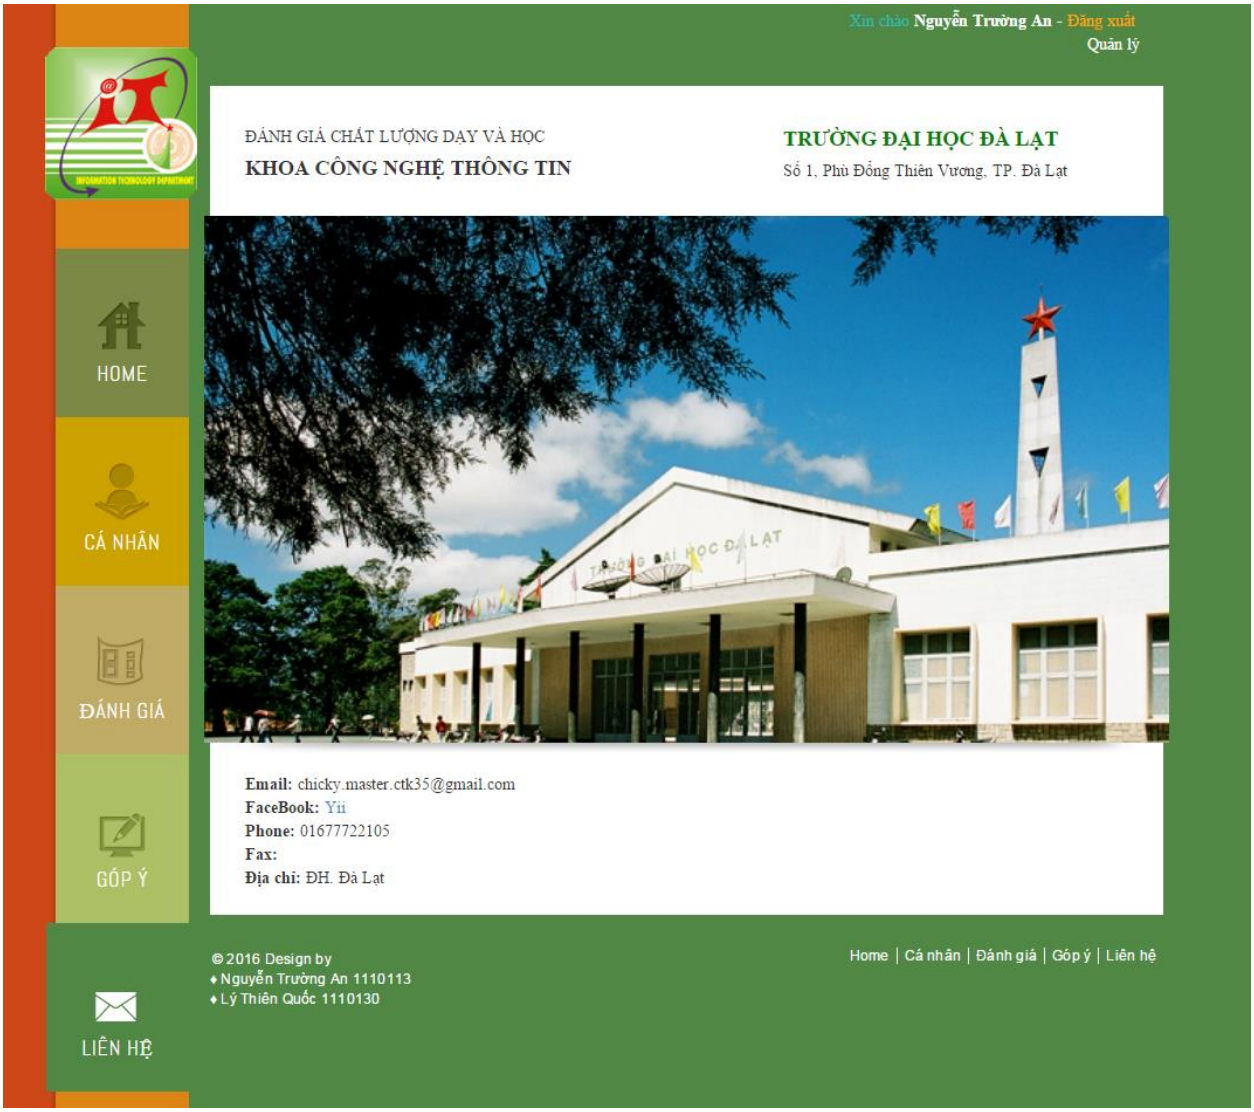
After user reviews the vote. Users can review the results of their evaluation by clicking on the votes in the table to the right "The votes you have cast" or can click on Xem kết quả... "View result" in each vote at the votes list interface.



4.5 Feedback

Please enter information into the fields and click

"send" to submit feedback.

4.6 Contact


Displaying contact information for administrators and schools.
